## Dump truck rams bus, students hurt

### Driver unable to stop, collides head on with bus, pushes it 25 metres

Twelve students and a bus driver were injured Friday morning when a tandem dump truck loaded with 18 tons of hot asphalt sideswiped an eastbound school bus and slammed into the front of a westbound school bus on fog shrouded Haliburton County Road 1.

The buses, owned by Northernways Transit of Haliburton, had stopped to transfer students when the dump truck rounded a curve and swung into the westbound lane to avoid colliding with two cars waiting behind the eastbound bus.

Truck driver Earl Hellam, 31, of Emsdale told police he could not stop in time, and did not see the westbound bus when he pulled out to avoid a rear end collision.

Students on the roadway scattered as Hellam tried to steer his vehicle between the two buses. The dump truck ripped the swing out stop sign off the side of the eastbound bus, scraped its left front, then plowed head on into the westbound bus, driving it backwards an estimated 25 metres.

The vehicles came to rest with the bus angled into the south ditch.

Edward Rosser, 68, of RR2 Haliburton, driver of the westbound bus, narrowly escaped serious injury when the hood of his vehicle was forced back through the windshield by the force of the impact.

Rosser was treated for cuts and bruises at Haliburton Red Cross Hospital and later released.

Stacey Vick, age 8, of Gelert, suffered suspected spinal injuries and was transferred to Sick Children's Hospital in Toronto.

Dawn Rowan, age 8, of RR1 Minden, suffered a broken leg, cuts and abrasions.

Janet Brown, age 14, of RR1 Minden, suffered mouth injuries.

Others who were treated in hospital and released include Scott Bacon, age 6, of RR1 Minden; Andrew Bacon, age 8, of RR1 Minden; Karen Shaw, age 11, of RR1 Minden; Dawn Cannon, age 6, of RR1 Minden; Jean Neville, age 47, of Haliburton; Michael

Klotchkoff, age 9, of RR1 Kinmount; Michelle Carpenter, age 6, of Lochlin; Darnell Francis, age 11, of RR1 Minden; and Tracy Hartwick, age 6, of RR1 Minden.

Sixteen other passengers were uninjured.

Helen Powell, age 39 of RR1 Kinmount, driver of the eastbound bus, escaped injury, as did the 12

students on her bus.

Truck driver Earl Hellam sustained minor injuries.

Hellam was charged with careless driving.

Damage to the bus was estimated at \$8,000, and at \$5,000 to the truck. Ambulances from Haliburton and Minden were called to the scene

Please turn to Page 3

OPP Constable Bob Pearson had the challenging task of sorting out the details of a crash last Friday involving a dump truck and two school buses on County Road 1 in Snowdon Township. The bus was driven 25 metres

backwards by the force of the impact, and a number of students, bus driver Ed Rosser and the truck driver, were injured.

## J.D. Hodgson to step down

Haliburton County Director of Education J. Douglas Hodgson will retire from his position effective June 30, 1984.

Hodgson, who has held the job since 1969, notified the board of his intention to step down at a meeting last Tuesday.

In an interview, Hodgson said he had "thought about it for some time."

"I think the school system needs change," he said, adding that he notified the board now of his decision to retire in order to give them time to find a replacement.

Hodgson said that by his own choice, he will not be involved in selecting a successor.

The board is expected to advertise the vacancy, and the successful candidate must be approved by the Ministry of Education.

Hodgson's retirement will cap a 37 year career in education.

He began teaching in September, 1946 at an ungraded school in Harburn. The following year he enrolled at the University of Toronto, and later attended the Ontario College of Education.

After obtaining his degree he began teaching at Plattsville, near Kitchener, in a three teacher high school.

In 1953 he returned to Haliburton to teach in the newly built secondary school.

Two years later, he moved to a teaching position in Stratford, and later returned to teach at HHSS.

In 1959, he was appointed principal of Millbrook high school.

He became principal of HHSS in 1963, a job he held until January, 1969, when he was made director of education for Haliburton County.

## Subsidy stays board is told

The Haliburton County Board of Education will continue to receive an additional 15 percent subsidy on transportation costs despite the move to full county status.

Board members and officials had feared that dropping 'provisional' from the county's name could result in the loss of the additional subsidy, which, under The Education Act, is paid in northern districts and 'provisional counties', of which Haliburton is one.

## Outgoing warden praised for effort

### Tourism key to future, Howe says

Haliburton County Warden Bill Howe was the object of lighthearted chiding and strong praise last Saturday night at a banquet in Cardiff.

Some 120 politicians, friends and county associates were on hand for the event, which marked the approaching end of Howe's one year appointment.

Dysart reeve Murray Fearrey, himself a former county warden, introduced Howe following the banquet, and took the opportunity to poke some fun at the outgoing warden.

Fearrey said that initially he had serious doubts about "any man who could cheer for the Leafs, the Argos and the Blue Jays."

He drew laughter from the audience when he mimicked the warden's efforts to read documents when he had forgotten his glasses, and made light of other incidents in the warden's life.

But in a serious vein, Fearrey described Howe as "one of the most capable politicians that I have served for," and as "a strong and visible ambassador" for the county.

Fearrey said Howe showed himself to be "a leader not divorced by geography", who consistently worked for the county as a whole.

In his address, the outgoing warden noted that the highlight of this term in office was the move to full county status for the area.

He noted that he was the last Chairman of the Improvement District of Bicroft and the first reeve of

the new municipality of Bicroft, the last Warden of the Provisional County of Haliburton and the first warden of Haliburton County, facts of which he is "extremely proud."

Howe praised former wardens Fearrey and Ron Gambell for their part in the move to full county status. He also thanked MPP John Eakins for his work on the Haliburton Act, and for his speech in the legislature on the day the Act was passed.

The warden used the opportunity to outline some of the problems he sees in the county and to suggest a course of action for the future.

Howe said the county's main strengths are its resources - mining, timber, tourism and people. Of these, he singled out tourism as having the greatest potential, noting that the geography of the county is "the envy of many other areas."

There are "countless opportunities" to provide services for people, Howe said, noting that 70 percent of every dollar spent in the county is related directly to tourism.

The county has large areas of crown land that should be considered for future projects, and tracts of patent land that cut through the middle of the county would be "ideal for private development," the warden said.

Howe also lamented the fact that no effort is being made to produce an official plan for the county.

"An official plan is very necessary," Howe told the audience.

Please turn to Page 3

Haliburton County Warden Bill Howe addresses the audience at a banquet in his honour Saturday night in Cardiff.

## OPP report

### General Occurrences

Personnel at the Minden Detachment investigated the following occurrences during the period September 26 to October 2, 1983: 46 General Occurrences, including 11 thefts, six break and enters, and six damage complaints.

There were seven motor vehicle accidents investigated in which 17 persons were injured.

### Accident

Two vehicles collided Saturday night in front of the Pinestone Inn on Highway 121. A 1971 Toyota driven by Diane Barry, age 24, of Stanhope Township, had been westbound and commenced a left turn into the Inn's driveway. A 1980 Toyota, also westbound, was in the act of passing. Driver was Scott Welch, age 20, of Stanhope Township. The front of this vehicle struck the left rear of Barry's car. Damage to the front of Welch's car was \$1,800 and to Barry's \$1,200. Both drivers and a passenger in Barry's car, William Duncan, age 18, of RR1 Minden, received minor injuries. The mishap occurred at 9:05 p.m. Charges are pending.

David Bishop keeps a careful eye on the foul line as he supervises the 'welly wanging' competition during Harvest Festival in Haliburton on Saturday. Family events were popular, but attendance at the dance was disappointing to organizers.

## Haliburton County Council minutes

Haliburton County council resumed last Wednesday after a two month summer recess. The following matters were considered:

Finance Chairman G. Lewis confirmed perusal of accounts by the Finance Committee and made a recommendation for acceptance.

Accounts were approved in the amount of \$299,000.45 for the three month period from June 22 to September 20, 1983.

Correspondence was read by the Clerk as requested by the Correspondence Committee.

Haliburton County supported the resolution presented by Oxford County re: amendment of the Criminal Code to allow testing of blood alcohol from injured persons suspected of drinking and driving. Council also agreed with a resolution from the City of Stratford that the Province assume 100% of the cost of General Welfare.

Haliburton County supported the resolution from the City of Toronto to extend daylight saving time from March to November.

By-law No. 1234, a by-law to consent to the passing of a by-law by the Corporation of the Townships of Anson, Hindon and Minden to close, stop up and convey part of the original allowance for road along the shore of Kashagawigamog Lake in front of Lot 18, Concession 2, Township of Minden, was tabled for presentation to the October session of Council, pending further considerations.

By-law No. 1235, a by-law to consent to the passing of a by-law by the Corporation of the Townships of Anson, Hindon and Minden to close, stop up and convey part of the original allowance for road along the shore of Soyers Lake in front of Lot 26, Concession 7, Township of Minden, was passed.

By-law No. 1236, a by-law to consent to the passing of a by-law by the Corporation of the Townships of Anson, Hindon and Minden to close, stop up and convey part of the original allowance for road along the shore of Brady Lake in front of Lot 3, Concession 4, Township of Hindon, was passed.

By-law No. 1237, a by-law to consent to the passing of a by-law by the Corporation of the Township of Lutterworth to close, stop up and convey a portion of the original shoreline (marine) road allowance along the shore of Gull river in front of Lots 6 and 7, Concession 13, Township of Lutterworth, was passed.

By-law No. 1238, a by-law to consent to the passing of a by-law by the Corporation of the Township of Stanhope to close, stop up and convey part of the original shoreline road allowance along the shore of Boshkung Lake fronting Part Lot 9, Concession 3 and Part Lot 10, Concession 4, Township of Stanhope, was also passed.

By-law No. 1239, a by-law to consent to the passing of a by-law by the Corporation of the Township of Stanhope to close, stop up and convey part of the original allowance for road between Lots 15 and

16, Concession 1, Township of Stanhope, was passed.

By-law No. 1240, a by-law to consent to the passing of a by-law by the Corporation of the Townships of Anson, Hindon and Minden to close, stop up and convey part of the original shoreline road allowance along the shore of Canning Lake in front of Lot 15, Concession 2, Township

of Minden, was passed.

Brenda Couch, Bicentennial Program Co-ordinator on loan to the Ministry of Citizenship and Culture, addressed County Council outlining the background of the Bicentennial Program and the financial assistance to communities for specific events celebrating Bicentennial. She also emphasized

the importance of looking at history in all communities.

County Council of the County of Haliburton approved the estimates of net expenditures for the year 1983 for the Kawartha-Haliburton Children's Aid Society in the amount of \$2,115,471 of which this County's apportionment is \$24,565.

## Stanhope council minutes

Stanhope council conducted the following business at its September session:

Ann Barker declared a conflict of interest on Item #47 under the General Accounts Payable - being a purchase of a gift by the Recreation Committee for Art Hunt and also on the Road Voucher #8 - being an account payable to her spouse's company for furnace repair at the municipal garage.

Dale MacDonald declared a conflict of interest on item #21 on General Accounts Payable being an account for fire truck gas and repairs.

Elvin Johnson declared a possible conflict of interest on Ontario Home Renewal

Program Application #4621-81.

Members declaring conflicts of interest refrained from discussion or voting on the noted matters.

Council approved for payment two Ontario Home Renewal Program applications for the total amount of \$9,540 as recommended by the Ontario Home Renewal Committee.

Council approved severance application number H141/83 subject to approval of a minor variance by the Committee of Adjustment and/or a revised application which will be in compliance of By-Law 77-15.

Council approved of severance application number

H159/83 as submitted by Laura Harrison.

Severance application number H145/83 as submitted by Val and Marj. Barry was also approved.

Council approved of severance applications H157/83 and H158/83 as submitted by Katherine Toole.

## Minden, Dysart to share findings

Anson, Hindon and Minden council hopes to share information with Dysart et al council on computers with a view to purchasing a system that would be compatible.

Councillor Gary Kenney, who has been investigating the matter on behalf of Minden council, noted that the municipalities might save on the cost of software if they purchased the same brand of machinery. As well, Kenney noted that compatibility could be an important factor in

the event of a breakdown, since each municipality might be able to conduct important business on the other's equipment until repairs could be effected.

Dysart et al has appointed councillors Lloyd Leadbeater and Sid Cooper to investigate computer systems and recommend a course of action to council in November.

Minden council will offer information it has already gathered to the Dysart councillors.

## Bell exemption applications sought

Senior citizens who have trouble reading the fine print in the new Lindsay/Peterborough telephone directory can apply to Bell Canada for exemption from directory assistance charges.

Anson, Hindon and Minden council learned about the regulation in a letter from Bell Canada, and thinks many people may not be aware of the service.

At the moment, application forms for the exemption are available only at Bell offices, but council wants to have the forms on hand in the municipal office for the benefit of its citizens.

Council has decided to send a letter to Bell asking for a supply of the forms, and could have a response from Bell later this month.

## Street lights on 121 would be costly

Property owners along Highway 121 east of Highway 35 have been asking for streetlights for several years, but it appears they will have to wait even longer.

At a meeting last Thursday, Anson, Hindon and Minden council learned that it would cost at least \$15,000 to install five streetlights that meet Ministry of Transportation and Communication requirements.

The lights would be placed on top of break away metal poles set on concrete pads, and the design and

installation work would have to meet MTC approval, although no provincial funding would be available for the project.

Bernard Trumbull, a resident of the area, was present at the meeting, and at council's request, agreed to discuss the matter with local residents, with a view to determining if they would be willing to meet some of the costs.

Councillor Dave Stevens will represent council in further discussions with residents of the area.

## Minden to get decorative lights

Christmas could seem a little merrier in Minden this year if the business improvement area responds to council's initiative and uses some BIA funds to purchase decorative lights.

Councillor Gary Kenney brought the matter up at a regular meeting last Thursday, saying he would like to see council spend \$5,000 on Christmas lights. He noted that the municipality had slated \$60,000 for main street improvements, and could purchase the lights from those

funds.

But reeve Lyle McKnight noted that the money is administered by the BIA, and their approval would be needed.

After some discussion, council agreed to allocate \$1,700 from the municipality's lighting fund, with any further expenditure to be at the discretion of the BIA board.

Kenney said he would approach the BIA, but also wanted council's commitment.

## Values the subject of school program

A pilot project aimed at helping young people to believe in their values and resist peer pressure will be offered to Grade 6 students at Archie Stouffer Public School in Minden.

The program, known as 'Values, Influences and Peers', or VIP, will be taught jointly by Ontario Provincial Police community services officer Gary Chapman and Glen Carter of the Archie Stouffer staff.

Although the program is endorsed by the Ministry of Education and the Ministry of the Solicitor General, it is "still in its infancy" according to Chapman, who, along with Carter, attended a three day course in Belleville during the summer to learn the VIP guidelines.

The course will take 32 periods to complete, and covers a dozen major topics.

Chapman says the course does not "teach or preach," but rather is aimed at helping students to "believe in their own set of values."

Among the topics that will be covered are values to standards, creating impressions, belittling others, peer pressure, decision making, authority and authority figures, being truthful, the dangers of drugs, vandalism, stealing, and youth and the law.

Chapman says Grade 6 students have been chosen for the pilot project because they are entering puberty, a time when they will begin to be more concerned about group acceptance and more subject to peer pressure. The aim is to help

the students establish a personal value system that will head off problems before they begin.

"We just try to develop the values that they already have," Chapman said.

Local citizens will be asked to take part in the course, Chapman said. For example, when vandalism and stealing are discussed, a merchant may be called in to explain what these crimes mean to a small business.

As well, the students may visit a provincial court session in Minden, and the local hospital for an explanation of drug abuse and how drug induced emergencies are handled.

While students will be encouraged to refer to their own experiences in class sessions, they will not be allowed to use the names of people involved, Chapman emphasized.

The VIP program will be carried out during the periods set aside for guidance and health programs.

An information session for parents will be held at the school this week, and a report on the program will be presented to the board of education once it is completed.

In the meantime, Chapman says he is happy that his application to "get in on the ground floor" of the program was accepted by the board and OPP officials.

"I am really looking forward to it," he said.

Bus driver Ed Rosser had a close brush with serious injury on Friday when his vehicle was struck by a dump truck. The hood of the bus was crumpled and

driven back through the windshield, sending a shower of glass ahead of it, some of which can be seen on the seat.

## Bus crash

from page 1  
along with the Dysart fire department, who washed down the accident scene because of leaking diesel fuel.

Representatives of the board of education and Northernways Transit attended the scene, and later agreed to transfer students on Scott's Dam Road rather than at the crash site in the future.

## Warden praised

from page 1  
"and I feel rather sorry that it has not been developed."

In concluding his remarks, Howe noted that "any warden who holds the office has to get involved to do a proper job," and said he had enjoyed the responsibilities and accomplishments of his term.

MPP John Eakins paid tribute to the leadership Howe has shown over the past year, and used the opportunity to suggest that consideration be given to extending the term of office for county wardens.

Eakins said he was not advocating the change, but merely "thinking out loud" about the fact that a warden may not have enough time, in a year, to fulfill any programs he has in mind.

MP Bill Scott was also on hand for the banquet, and he too, emphasized that Howe had "represented the county well" during the past year.

County council will appoint a new Warden at its November meeting.

## Move mini fair Pergolas says

Minden deputy reeve Ed Pergolas wants the mini fair building dismantled and moved to make room for more parking at the Anson, Hindon and Minden municipal office.

"I want to see it the heck out of there," Pergolas told council at a meeting last Thursday. "That thing takes up far too much room."

"You have to put a value on parking, and when you don't have the space, where are people going to go?"

Pergolas said the building could be set up somewhere else in the municipality, so long as it is taken away from beside the municipal building.

Councillor Dave Stevens joked that it could perhaps be moved to the Welch building on Main Street which council purchased recently, but Pergolas countered that "it's too late for that."

Councillor Pat Burk noted that the building has been used by the Farmers' Market, and would be used for that purpose next year, but Pergolas said the market operates only on Saturday morning and that much of the selling is done from the back of pickup trucks.

Councillor Gary, who was instrumental in setting up the mini fair, was not opposed to Pergolas' suggestion.

"I'll surprise you all and say that I agree with Ed. If there's no support I'd like to see it moved."

"Although I'll say right now that you'll probably get flack from the merchants."

Kenney said council spent money on the mini fair "to create a possibility" and that if there was no support for the idea of an outdoor market place, the building could be used at the fairgrounds.

Reeve Lyle McKnight urged councillors to come up with ideas for the building in time for council's next meeting, at which a decision on the matter is expected.

## Nominate

Do you know someone who has made an outstanding contribution to life in Haliburton County? If so, the Haliburton Highlands Chamber of Commerce would like to know about it. The Chamber is looking for nominations for its 'Highlander of the Year'. The honour will be presented at the Chamber's annual meeting and dinner, scheduled for October 19.

If you would like to nominate someone for the Highlander of the Year Award, get in touch with the Chamber. The deadline for nominations is fast approaching.

## Concerts could fold if tickets not sold

The annual Arts in Haliburton Concert Series will be forced to abandon its efforts to bring music to Haliburton unless the public shows more interest in the concerts.

Donna Herbert, spokesman for the organizing committee, says the series is in "a financial bind" and must sell at least 300 tickets to break even on its three concert series.

Herbert said that when the series was initiated three years ago, "we worked hard and everyone was quite in favour of it." Among the artists who appeared in that first season was world famous Canadian opera star Maureen Forester. The series sold out, but according to Herbert "it's been a downhill struggle ever since."

Last year ticket sales fell, but single ticket sales for the final concert of the series, Hagood Hardy, generated enough revenue to meet overall costs.

This year, with three concerts planned and contracts signed, the committee is discouraged by the apparent lack of public support.

Herbert says the committee had made a concerted effort to gauge public tastes and offer a

varied series.

"We've even changed the time of year," Herbert said, scheduling concerts for October, March and May, and on different days of the week.

On October 17, Felix and his Banjo Palace Band will lead off the current series, with a repertoire that includes Ragtime, Dixieland, country and western, and traditional tunes.

On March 21, the program will feature Tanglefoot - Songs of Canada. This group of musicians and actors present songs and stories and images of early Canada.

The final concert of the series, on May 1, will present the London Ontario Sinfonia, the professional core of the London Symphony who have won international acclaim.

The committee is offering series tickets for \$20, a price which meets costs if 300 are sold.

Herbert says the committee is dismayed by the poor ticket sales to this point.

"We're going to have to fold and not bring (the musicians) in any more if we don't get support from the community."

"We're left wondering if we're going to get enough money to pay for it."

## Search, rescue group planned

### Volunteers needed to act as spotter, navigators

Steps are being taken to form a Muskoka/Haliburton chapter of the Canadian Air Search and Rescue Association, and interested citizens will have a chance to take part.

Two meetings have been held at Muskoka Airport near Bracebridge to get the association started, and a third meeting has been set for early next month.

Peter Filzmaier, spokesman for the project, says the main aim of a local chapter would be to reduce the costs and delays involved in an air search for missing persons or aircraft throughout the area.

As an example, Filzmaier says it costs about \$2,700 an hour to bring a Canadian Forces Buffalo aircraft up from Trenton to take part in a search, while a small aircraft such as a Cessna 172 can be operated for between \$40 and \$60 an hour.

Aircraft ownership is not a prerequisite for involvement in the

group, Filzmaier said. The greatest need is for navigators and spotters, with the latter needing no training. Each aircraft involved in a search would carry two spotters and a navigator in addition to the pilot.

Haliburton County residents who want to participate in the association could form a sub group of the Muskoka committee, Filzmaier

said, and would be notified in the event of a search in the Haliburton area.

Representatives from the Ontario headquarters of the Canadian Association and from the department of national defense will be on hand to provide more details at the group's next meeting.

Date and location for that meeting will be announced in the Echo.

## Minden sets land price

Ratepayers in Anson, Hindon and Minden who want to purchase portions of unopened road allowance from the municipality will be charged at least \$150 for the land, in addition to administrative charges, council has decided.

The minimum charge will apply to the purchase of land deemed to be unuseable for any other purpose.

Council decided to impose the minimum charge in the wake of

numerous requests for close and conveyance of unopened road allowances.

The minimum charge does not preclude council charging more for land that has a greater market value.

As well, ratepayers will still have to deposit \$500 for administration fees before a closure application can be processed. The difference between administration cost and the deposit, if any, is refunded.

## Subsidy level unchanged

from page 1  
burton was the only one in Ontario. County officials were assured that the move to full county status would not result in reduced subsidy to the board, and that promise was verified in recently released grant regulations.

Business administrator Stan Baker told the board last Tuesday that the new regulations say the additional 15 percent subsidy will be paid to northern districts and "former provisional counties."

## Parking rules enforced in future

Parking restrictions along the Horseshoe Lake road will be enforced for future events at Minden's wild water preserve, council has decided.

Responding to complaints about the dangerous situation created

along the road when kayak competitors and fans leave cars adjacent to the course and restrict traffic along the road, council will write to event organizers advising them that cars cannot be parked on the road in future.

Warden Bill Howe recapped his year in office and speculated about the county's future at a banquet in

his honour in Cardiff Saturday night.

### Fading fast

A series of musical concerts that have added an important dimension to the cultural life of Haliburton County could disappear if the public does not buy enough tickets to meet the cost of bringing the musicians to the area. The series, which began three years ago, has attracted some top quality entertainers to the county, including such renowned performers as Maureen Forester and Hagood Hardy. But support for the venture has been waning steadily, and this year the organizing committee faces a crisis that could spell the end of the series. With the first concert only two weeks away, ticket sales for the three concert series are lagging far behind costs.

Series organizers say they have tried to create a program that would appeal to a variety of musical tastes. And that could be part of the problem. People who would pay to see a music hall or Dixieland group might feel intimidated by a chamber orchestra. Conversely, lovers of classical music might be disinclined to attend a concert of traditional Canadian folk music. But in Haliburton there are not enough people with a specific interest to justify limiting the concert series to a specific kind of music. So the organizers have tried to reach everyone, but the effort does not appear to be working.

It could be that many people have simply delayed buying tickets to the series, or plan to attend only one of the concerts and hope to purchase tickets at the door. Unfortunately, that approach is hurting the series, since the organizers do not know if they will be able to meet expenses.

The concert series is a project of a group of volunteers in the community who give up their time to attend showcase sessions in Toronto, and who take the risk of signing contracts with musicians because they believe that Haliburton County residents should have access to musical performances without having to drive to Toronto and pay the high ticket prices that prevail in the city.

Unless the community responds, this year could be the last year that the concerts will be offered. Organizers think it would be unfortunate if the series could not continue. Whether the public shares that point of view will be determined by the measure of support they show for the series over the next few weeks.

### Values

Students attending Grade 6 at Archie Stouffer public school in Minden will get the benefit of a pilot project in values education over the next few months. Known as Values, Influences and Peers, or VIP, the program was developed in the United States but adapted for Ontario Schools. It is a joint venture of the Ministry of Education and the Ministry of the Solicitor General, and will be led by OPP community services officer Gary Chapman, and teacher Glen Carter.

Object of the program is not to instill values in youngsters, but rather to help them gain confidence in the values they already have, and to resist the negative influences and peer pressure to which they will inevitably be subjected.

Grade 6 students have been chosen for the pilot project because they are entering a period in their lives when the pressure to conform to the will of the group and to be accepted by others, is most intense. If they can be shown that their own sense of what is right and wrong, constructive or harmful, sensitive or brutish should take precedence over the pressure to seek group approval, they will move a significant step toward becoming responsible citizens and building a better community.

Chapman, Carter and the board of education deserve praise for showing a keen interest in the VIP program. It is to be hoped that parents will also lend their support to the venture.

## Letters

### To The Editor:

Our beautiful nature trail, our favourite skiing, sliding and snowmobiling hill is gone. Gone only two hours after a gnawing bull-dozer has done its destruction.

Perhaps we neighbours would be more docile had we been warned ahead of time what was to come. But to see trees, many years old knocked down and literally buried so no one could salvage any of the lovely maple for heat, when we are told always to conserve; waste not want not was always the slogan we were told to live by. But the waste here is horrendous.

Why can't the politicians of the area be more on their toes to relay to the area tenants what is about to happen in their area?

This comes from distraught Lake Haliburton citizens.

Grace Miller  
Haliburton Lake

### To The Editor:

I thought of remarking on the Skyslider incident after admiring the "Pic of the Past" in last week's

Echo, but decided to maintain firmer footing and stay with HORSESHOES.

A recent Creighton Feir column included - "we have come to the conclusion that horseshoe tournaments are on the way back." West Guilford's Canada Day, Stanhope's Fun Day, Gooderham's Horseshoe and Klondike Days, and of course here in the village the Rotary Carnival and the Over 'Ome Day, were all reported in the Echo. Speaking of Over 'Ome, my dictionary defines the subject as "Quoits played with Horseshoes."

Having attended all of the above days I want to express appreciation for the efforts of the one or two local men who organized and ran the competitions; at times it seems a rather thankless task.

To get my facts straight I've been in touch with the Secretary-Treasurer of the OHPA (Ontario Horseshoe Pitching Association) and indeed there are rules, but these are stringent only in OHPA events such as at the CNE and Royal Winter Fair.

If there is sufficient interest may I suggest a short meeting, which I'd be pleased to convene, of

## Notebook

by Len Pizzev

Dig out the woolies and get that firewood split - we're in for a long, cold winter. That's the prediction of the Old Farmer's Almanac, which last week sent out advance copies of its 192nd edition. The Almanac originates in New Hampshire, and claims to be the oldest continuously published periodical in North America. It also claims 80 percent accuracy for its long term forecasts, which are sandwiched between homey articles, tide tables, advertisements, astronomical calculations and a plethora of other arcane information.

The Canadian edition of the Almanac includes weather predictions for southern Ontario, and just for the fun of it, here they are:

The winter is expected to be up to 3 degrees C. colder than normal, and wetter than normal, with snowfall predicted to be 25 to 75 cm above average.

November will have frequent mild and cold spells, but average temperatures overall. It's supposed to rain for the first two weeks of November, with snow in mid month and a cold

spell in the last days that will last through to December 10.

Then the weather will turn dry and seasonal, but cold, with average snowfall. (How's that for riding the fence?)

January will be slightly colder than normal, the Almanac says, with a prolonged cold spell in mid month. A major storm is predicted in the early days of the new year, but it will consist of rain rather than snow.

February temperatures will be average, but heavy snowfalls are predicted, to bring totals about cm. above average.

March will begin with very cold snaps, interspersed with rain.

The almanac forecasters say spring will be mild, with an unseasonable warm spell in mid April.

As for the summer, the Almanac says it will be warmer than usual, which may be good news or bad news, depending on your point of view.

So there you have it. Now all we have to do is wait and see if the forecasts are as accurate as the Almanac's publishers claim they are.

## Feir Play

Creighton Feir

The following is a letter received by Ellenor Bagg of Eagle Lake from George Pratt, a former resident of Haliburton County. George, who is a sculptor and resides in Vancouver, B.C., is just finishing a Terry Fox sculpture.

What a pleasure to advise you that the Terry Fox Sculpture is now about completed! There has been some question as to its final resting place. This was resolved in the most pleasant way when Mr. and Mrs. Fox asked if we would kindly place it as the focal point of the new Terry Fox Library - a remarkably fine new edifice now being built in tribute to Terry by the citizens of this home town of Port Coquitlam. And so it shall be.

It is my happy duty to invite the "Friends" to the dedication ceremony which will be at Port Coquitlam on Saturday, October 29, 1983 at 2:00 p.m. You will receive another invitation from the City of Port Coquitlam shortly. Those wishing to attend from the east still have time to book reduced-rate flights, and it is still pleasant and warm here in October. There will be an open-house reception at my home after the ceremony and this is also your invitation to attend.

Donations to cover the production costs of the work are still badly needed - so if there is anyone out there who would like to make a second donation (or their first!) or if you have a friend who would like to be a "Friend", let's hear from you now!! The shortfall is a heavy load for the sculptor to carry himself - about \$10,000. The City of Port Coquitlam, by the way, has graciously undertaken to pay the \$27,500 for the black granite base on which the sculpture will sit - bless them.

It has been a lot of hard, dusty work and a lot of generous support by the Friends. Let's celebrate together on October 29 when you can judge the result for yourself.

Kindest regards,  
George Pratt

P.S. - donations to "The Friends of George Pratt" 2977 West 27th Avenue, Vancouver, B.C. V6L 1W4, tax-deductible, Or c/o The Canadian Cancer Society, 955 W. Broadway, Vancouver, B.C.

At the recent Grand Chapter Sessions of the Order of the Eastern Star, held at the Royal York Hotel in Toronto, a cheque was given to the Cancer Society by the Worthy Grand Matron, Mrs. Flora Whalen, of Parry Sound, Ontario in the amount of \$40,000. All this had been donated by the O.E.S. chapters in Ontario. This money will go towards a Cancer Scanner in the Toronto Western Hospital. The Highland Chapter wishes to thank all who sold and bought tickets on the quilt draw. The lucky winner was Gwen Cameron of Haliburton.

It will soon be World Series time again when people who don't usually follow baseball during the regular season turn into what you might call baseball addicts. There is always something about the World Series that is appealing to a great many people and it would mean that much more if we knew that the Toronto Blue Jays and the Montreal Expos were going to tee off in the big series. At one time during the season it looked as though this was going to be a possibility but both teams faltered near the end and were put out of the pennant race. The Expos, who seem to always be a bridesmaid but never a bride, gave it a good try once again but it just wasn't good enough. The Toronto Blue Jays, who are still just a young club as far as the American League is concerned, came up with their best year ever, winning nearly 90 games and winning the hearts of thousands of fans. I don't think that we will have to wait many more years before either the Expos of the Blue Jays will be in the World Series.

Dana Colliver of Haliburton, a former Rotary exchange student, was the guest speaker when the Rotary Club of Haliburton held their Youth Night at the Royal Canadian Legion Hall last Thursday evening. The purpose of the meeting was to introduce the young people to Rotary and to the excellent Rotary student exchange programme.

There is an old saying that what's worth having is worth waiting for. The people of Minden have waited a long time for new sidewalks but they have finally been rewarded. I was in Minden last Thursday afternoon and looked on as workers made their way down the main street putting the new sidewalks in place. I was amazed at the width of the new streets. They are certainly going to be a great addition to the village.

This Friday will be the beginning of the Thanksgiving weekend. If it runs in the pattern of past years the weekend should see hundreds of visitors travelling by car and bus to the Haliburton Highlands to take a look at the leaves in their glorious colour. Many will be taking this opportunity to lock up their cottage until next year, while others will be coming back to the Highlands to visit with friends and relatives. Whether this is your first visit or just one of the many to the beautiful Highlands we sincerely hope that we will have nice weather for this occasion.

## Pic of the Past

This photo, taken in approximately 1946, shows the corner of Maple Avenue now occupied by Curry Motors. The couple on the

sidewalk are the late Annie and Frank Bates of Tory Hill (our typesetter's grandparents) and standing in front is Allan Foster. They are standing approximately where the photographer stood to capture last week's Pic of the Past. Note the price on the soft drink sign. Our thanks to Roy Bates of RR2 Haliburton for permission to use this photo.

## From the Chamber

by Frank McCarron

Once again Haliburton County leads the way in the beautiful fall colour sweepstakes. As anyone who has listened to C.H.A.Y. radio recently can quickly discover our colours are more beautifully and rapidly developing than any other county around. This means that we ahead of Muskoka, Peterborough, Kawartha, and Simcoe County. Every day the Inwats line rings with people asking "How will the colours be for Thanksgiving?" If things keep up the way they are going presently they should be fantastic for Thanksgiving weekend. As I've been driving around the county in the last week I've seen colours erupt every day that were not there the day before.

It's still not too late to make plans to visit the Wig-A-Mog Inn on October 19 for the annual meeting of the Haliburton Highlands Chamber of Commerce. For only a tax deductible \$35 you can attend a full day that includes a panel discussion, seminars, lunch, banquet, table topics, and the Annual Meeting. The day will get underway at 9:15 with a panel discussion moderated by Bob Stinson on "You, Haliburton County and the Future." Other panel members are Ken Langdon, owner of Blacks Hardware in Haliburton, Gary Kenney, noted councillor, Anson, Hindon and Minden and Mike Walker, local representative from the Ministry of Tourism and Recreation. This should be an action packed panel discussion. Following a short coffee break we will have David

Blenkorn from the school of Business and Economics at Wilfrid Laurier University and a part time consultant who will be gracing us with his presence on the topic "Quality Counts - Lessons from the Japanese." Dave's talk is sure to be full of interesting thoughts on the importance of quality in running any business today no matter how large or small. Following a serving of lunch there will be a showing of the tourism awareness film by Mike Walker from the Ministry of Tourism and Recreation. Following lunch we have a seminar from Derry Wilford and Lloyd Fleming of the Bank of Montreal who will deliver a commercial banking workshop which will deal with cash management and commercial lending. These two topics should be of interest to every business person in Haliburton County today. The annual meeting which is free to all Chamber members is at 3:15 p.m. and will feature such exciting moments as the President's and Manager's Reports as well as the election of directors, the appointment of auditors and any new business. At 4:30 p.m. we have table topics in Arthur's. This is a unique opportunity to meet one on one with various business equipment suppliers as well as the guest speakers from the seminars. At 6:45 p.m. our annual banquet gets underway. Following dinner, our guest speaker, the world renowned marketing consultant, John Hope-Johnstone will deliver a spell binding address. Following that there will be the presentation of the Highlander of the Year award and dancing.

To get your tickets call the Chamber of Commerce at 286-1760.

### To See and Do

On October 8 in the arena in Wilberforce, the Municipality of Monmouth is having their Autumnfest. This day will feature a Flea Market, German foods, Oompah Band, and a special occasion permit throughout the day and evening. The evening will be from 9 p.m.

Also on October 8 the Minden Rotary Club is holding their Octoberfest at the Minden arena from 8 p.m. Free mugs will be given to the early birds. This lively evening will feature live entertainment and dancing for only \$4 per person.

Opening on October 9 the Rails' End Gallery in Haliburton Village is their contemporary pottery exhibit. More details can be found by contacting the gallery at 457-2330.

Continuing at the Agnes Jamieson Gallery in Minden Cultural Centre is the fascinating new show by Karl Illini.

## Letters

from page 4  
the Jim Scheffee's, Ron Barr's, Gerald Bain's, etc., to discuss basics and possibly even a weekly horseshoe evening and/or monthly jitney in each location. Basic rules call for 1" solid stakes set 40' apart with a 3" cant, in damp sand or clay, and protruding 15" above the walking surface. Shoes that cannot measure the required 6" for the point count may also present problems.

I could continue with Trivial Pursuits that our village is the only location with less than five Pits, and that West Guilford planners thought of the players on a hot summer day by leaving some of Haliburton's beautiful trees standing near the Pits - but I won't!

Haliburton

## Report from Parliament

Bill Scott, M.P.

On September 19, I had the opportunity of addressing the House of Commons on the subject of Bill C-110, the Export Development Act.

Don Blenkarn, our Party's critic for the Ministry of State for Finance, led our debate in the House. Thanks largely to his efforts, we were able to pass several amendments at report stage which will make the Export Development Corporation much more accountable to Parliament. In future, its borrowing capacity will be limited to ten times its paid in capital and retained earnings. We also succeeded in reducing the authorized capital requested from \$2 billion to \$1.5 billion, reducing the possible borrowing from \$20 billion to \$15 billion. They must now present their annual report and financial statements to the House for examination. A further amendment reduced the government's right to take up loans and guarantees not appropriate to the Export Development Corporation's activities from \$20 billion to \$13 billion.

The following is the text of my speech. Mr. W.C. Scott (Victoria-Haliburton): Mr. Speaker, I am rising late to speak in respect of the Export Development Corporation Bill, but I would like to mention briefly some experiences which I have had personally with a young, vibrant company bidding for world markets. Just last week I was invited to the first promotion of their deal abroad. This happened to be a company which is in the business of manufacturing paint. The company had sold 43,000 gallons of paint to the Barbados. Over two years ago it applied to the federal Government for promotional assistance, not just to the Barbados but to other countries, and to further research its product, which it was already doing with its own money. But it received no Government help whatsoever. Yet we find that of the 62 companies which received financial assistance last year from the Export Development Corporation, three received over half of the total funds allocated. This gives me a great deal of concern. Are we helping the right type of people, the people with initiative, the little guy? I think too many of our Government departments, not just the EDC, are looking for the giant who has made his way and is receiving today the lion's share. I think the Minister is a pretty good fellow, Mr. Speaker. We talk about fishing and about growing potatoes in the Maritimes. While I come from Ontario, we get along very well with the Minister, and I think he really tries. But I honestly think some of his department officials bypass

some of these very dedicated entrepreneurs who want to make their own way.

I cannot be critical of the EDC alone because these problems occur with the Department of Industry also. I had a chap come to me not too long ago who wanted to manufacture stick fertilizer for plants. He is struggling along and he was lucky enough to win several contracts here in Canada which had been filled by fertilizer sticks imported from the U.S. He secured a contract from Loblaw's, IGA, National Grocers and Canadian Tire. Yet he was totally turned down by the Department. He had created 15 to 20 jobs and would have gone to 45 or 50 jobs, but the Department ignored him. He did not have this, he did not have that. Probably he did not have the right firm present his application. This chap was finally helped by the Government of Barbados in promoting his product abroad. It is a very viable product, so what are we doing wrong? What is the EDC doing for people such I have described here? The Government of Barbados helped this chap promote this product, yet two years ago the EDC had turned him down.

That, Mr. Speaker, is where I can be very critical, not just of the EDC but of too many of our Government departments. We ignore the entrepreneur who wants to try and who has done a lot for himself. As speakers from this side of the House have pointed out, and apparently we are the only ones talking about this, we have to put some meaning in the Bill for the small businessman. I think it is self-explanatory when three companies received over half of the moneys allotted through the EDC. This is why we are trying to bring in some amendments to the Bill which will have some meaning for the community. We are not going to deny our big entrepreneurs, but we want to think of the smaller people who are striving and working against a market which has been captured by the big financial giants throughout the world. They are getting bigger and bigger all the time. We believe in the small Canadian entrepreneur and we want to promote him also.

Therefore, Mr. Speaker, I hope that before this Bill passes the House we will have something in it for the individual who wants to help himself, who is out there trying to help himself, fighting the big business and big bureaucracy. I hope that when we finish with this Bill we can say we have accomplished something for these people who are very, very important Canadians.

## Queen's Park Report

John Eakins, M.P.P.

The legislature will reconvene on October 11, and no doubt many citizens will feel it has been a long holiday period for members of the Legislature. I have spent the summer being available at the constituency office and I can assure you the needs of constituents carry on regardless of the time of the year.

For the past few weeks I have been attending the Ombudsman Committee hearings at Queen's Park, a committee of which I am a member. While many items of the Ombudsman's work have been dealt with, the highlight was the concluding session on Friday, dealing with the long-standing North Pickering Project inquiries. This, as you know, has been on-going for a number of years, and hopefully it will soon reach a conclusion.

I have spent some time chairing our Party's Rural Task Force meetings across the province, and this has taken a great deal of time. The meetings are turning out to be very fruitful, and I shall be reporting in greater detail later. Just last Wednesday I was in Kirkland Lake and I came away very impressed with their community.

Last week I had the pleasure of officially opening, along with Reeve Lyle McKnight and Warden Bill Howe of Haliburton, the Gull River Training Centre at Minden. This is a very unique project and again I hope to talk about this project at more length in a couple of weeks time.

With the reconvening of the Legislature, I would like to invite citizens to visit Queen's Park and tour this beautiful building and to see the Assembly in action. If you would like further information, please contact my constituency office.

It should be brought to the public's attention that a very serious error has been made by the

Ministry of Health in their publication, "Is the Water Safe to Drink."

In their publication, the Ministry states that the amount of calcium hypochlorite that should be used to disinfect a contaminated well is 2.4 kg. for every 1,000 litres of water. The Ministry of the Environment has confirmed to us that this level is some five times too high and the correct rate should be .5 kg. per 1,000 litres of water.

The use of the higher level of hypochlorite could lead to corrosion of pipes. In some instances, wells could run dry before the chemical could be eliminated.

The Ministry of Health has apparently been aware of the error in this publication for some time. The City of Hamilton District Health Office has already withdrawn it from distribution and expressed great doubt over the accuracy of the treatment levels prescribed.

The lack of action by the Ministry of Health to notify the public on this very serious matter or to withdraw the publication from general distribution has been questioned. The public who relies on these brochures can experience very serious problems.

The public must be notified immediately and the brochure withdrawn.

Just a short note here to our readers to let them know that we are getting short on photos for our Pic of the Past corner that we publish each week. If you have any interesting old photos we would appreciate receiving them. Please give us as much information as you can for each photo.

Fenelon Falls players found themselves on the bottom of a pile of Redmen tacklers throughout last Friday's games at HHSS, while the Redmen were able to move

the ball consistently, both in the air and on the ground.

## Redmen defeat Fenelon Falls

Mike Vuksic leads seniors win, scores most points

The Haliburton Redmen delivered a double dose of their scoring punch to Fenelon Falls on Friday, rolling over the visitors 29-0 in the opening senior match, and 30-6 in the junior contest.

Haliburton showed their ability to move the ball on their first possession, marching 45 yards down field, then putting six on the board as Jeff Bain romped in from six yards out on an off tackle call.

Mike Vuksic's successful convert gave the senior Redmen a 7-0 advantage.

Early in the second quarter, faced with third down and six to go on the Fenelon 25 yard line, Vuksic got the nod and banged a field goal to stretch the lead to 10-0.

Vuksic, who played an outstanding two way game for the Redmen, helped the team's efforts further with an interception a short time later, giving the Redmen possession of the Fenelon 50

yard line. The offense made the possession count, as they marched down field and scored on a 16 yard run by Rob McLeod.

Vuksic's convert was good, making it 17-0.

The Redmen offense suffered a serious setback before the half when quarterback Greg Pearson tore knee ligaments and had to be helped from the field. He will be out for the rest of the season.

Terry Allore was called on to take over the quarterback duties, and rose to the challenge.

Early in the second half the Redmen missed on a 35 yard field goal try but added a single point to their lead on the play.

Later in the quarter, Allore engineered a march down field that was capped by Vuksic's five yard run into the Fenelon endzone.

In the fourth quarter Vuksic snagged yet another

interception which led to a 20 yard field goal.

Late in the game the Redmen tried a 40 yard field goal but had to be content with a single point, and a 29-0 victory.

Head coach Gary Brohman described the game as "one of the best two way performances we've had in a long time."

whistle.

The Redmen capitalized on their first possession as Trevor Powers hit Paul Allore in the endzone for six points. The convert attempt was missed, as were all subsequent attempts.

Later in the first quarter, Mike MacNaull caught a Fenelon punt on his own 30 and ran it back 60 yards

### Juniors rack up 30-6 win

Total yardage, both on the ground and in the air, was "excellent" Brohman said.

While the game was a team effort for the Redmen, Brohman had particular praise for Vuksic, Allore, who filled in at the quarterback spot, and the defensive line, who showed excellent stopping power.

The Junior game was another romp for the Redmen, as they totally dominated play from the opening

before being brought down. The runback set the stage for a six yard TD by full back Andrew Burk that made it 12-0 in favour of the Redmen.

In the second quarter the Redmen continued to take the play to Fenelon, connecting on a 40 yard run and pass play to Paul Allore for his second touchdown.

Later in the quarter, Ron MacDonald intercepted a

## Huskies tough in 7-7 draw Friday

By BRYAN ABBS

Haliburton Huskies travelled to Huntsville Friday night for the second of their home and home exhibition series and the local boys settled for a 7-7 draw.

After the first 20 minutes of play the score was 1-1, Jeff Stamp counting an unassisted goal at the 12:39 mark and Huntsville tying things up at 15:48.

The second period was just 28 seconds old when Rob Abbs took a neat pass from Scott Rae and blasted a 30 footer past a startled Huntsville goalie.

Scott Arbuthnot made it 3-1 for Haliburton from Kevin Hamilton at 6:48.

Haliburton upped the count to 4-1 on an unassisted goal by Scott Mitchell at 7:05. Huntsville scored at 13:02 to make it 4-2 heading for the third.

The third period saw a real shoot out with eight goals being scored. Huntsville scored four straight goals, the last at 6:50 and the Huskies found themselves trailing 6-4. But the Huskies rallied for three goals of their own to take a 7-6 lead. It was Tony Scheffee on a Barry Boice rebound at 7:42, Drew Bishop on a slick pass from Jeff Stamp at 15:54 and at 16:19 Jeff Stamp from Drew Bishop. At this point the Huskies appeared to be in

control, but Huntsville poured it on and tied the score at 17:18 and the game ended 7-7.

The next game for the Huskies is again in Huntsville on Friday, October 7 at 8:00 p.m. and this is the season opener.

On Saturday, October 8 the Huskies entertain Penetang at the Dysart arena at 8:00 p.m. in their home

opener. This should prove to be an interesting test for the Huskies as Penetang went to the all Ontario semi finals last year.

As this writer sees things the Huskies have a well balanced team and should give any opposition a real run for their money. So come out and support your Huskies this year; they really deserve your support.

### Deer validation issued

Ontario deer hunters who were successful in the 1983 antlerless deer tag draw have received their validation tags for this year's hunting season, Natural Resources Minister Alan Pope announced recently. Pope said 18,820 validation tags were mailed to hunters across the province on August 31.

The validation tags are issued each year by the ministry to control the num-

ber of antlerless deer - females and fawns - taken during the season. The ministry allocates the tags on the basis of a random draw which was held this year on August 26.

"Ontario's deer herd has been increasing in most areas of the province," Pope said. "In many wildlife management units, especially in north central and northwest-

Please turn to Page 7

Both the junior and senior Redmen football teams were winners on Friday as they played strong games and defeated Fenelon Falls. The Redmen were never

threatened, and are looking more impressive as the season goes on.

## OMHA gives award

Minor Hockey's top award, the OMHA Honour Award, for outstanding service to minor hockey was presented to George Bibby, Campbellford, Ontario on Thursday, the announcement and presentation of the award to Bibby was made at the luncheon following the 50th Annual Meeting of the Ontario Minor Hockey Association. Bibby, long associated with minor hockey

in Campbellford, becomes the thirty-sixth winner of the award.

The last ten previous winners were Gerry Karges, Port Dover, Alex Brown, Whitby, Hugh Hall, Plattsburgh, Glen Ure, Ridgetown, Sem Brereton, Newcastle, Frank Simpson, Brighton, Lorne Spicer, Shedden, Al Shaw, Windsor, Albert Schram, Dunnville.

## New regulations affect fishermen

New regulations affecting non-resident anglers, including revised rates and special protection for two species of trophy fish, were announced recently by Natural Resources Minister Alan Pope.

The changes, which take effect across Ontario on January 1, 1984, will apply, in varying degrees, to all out-of-province anglers.

"Ontario offers some of the best angling opportuni-

ties in the world," Pope said. "We want to ensure that this high quality is maintained, and that those who fish in our province are given a fair opportunity to help pay for and preserve that privilege."

Under the changes to angling regulations, which are applicable across the province, visitors from the U.S. and other countries will be able to buy a new 21-day angling licence for \$20, renewable for an additional 21 days at a further charge of \$10.

Research has shown that 94 percent of U.S. residents who fish in Ontario do so for less than 21 days, and they will now pay an additional \$5 a year for the opportunity.

Cost of the existing four-day, non-resident licence for non-Canadians will be increased to \$10 from \$8, while a seasonal licence will cost \$30, up from \$15.

Visitors to Ontario from other Canadian provinces will pay only slightly more to fish in Ontario. The cost of a seasonal angling licence will be \$6.25, up from \$6.

All out-of-province visitors, however, will pay more to fish for certain sensitive species.

"All non-residents will pay \$5 for special stamps if they wish to fish for muskellunge or lake trout," Pope said. "These species are highly-prized and subject to heavy overfishing in some areas."

The special stamps, valid for one year, can be applied to any angling licences held by a non-resident.

Pope noted that, because most anglers from outside the province visit Ontario just once a year, "the increase in the seasonal licence fee will affect only the very heaviest users of this resource."

## Deer tags

from page 6

ern Ontario, all those who applied were granted tags. Provincially, a hunter's chance of receiving a tag in 1983 was better than one in three.

In 1983, 48,529 hunters entered the draw, 43 percent more than last year's total of 33,974. More than 37,000 of the hunters who applied this year specified a second choice of provincial Wildlife Management Unit. There were 420 applications which were either illegible or incomplete, and which could not be put into the draw.

## Redmen win

from page 6

Fenelon pass, but lost the ball when he was tackled. Paul Allore scooped it up and ran 50 yards for the junior Redmen's fourth TD, and they had a 24-0 lead at the half.

There was no scoring in the third quarter as both teams tightened up play.

In the fourth quarter, on a reverse play from the 55 yard line, Paul Allore broke away and raced in for his fourth touchdown.

Fenelon's only points came with a touchdown on the last play of the game.

Allore was the outstanding player of the match, but other good performances came from Trevor Powers at quarterback, Mike MacNaull, Rob Mifflin and the entire offensive line.

The Redmen have a 'by' this week, but will play again October 14.

The HHSS Redmen put on another impressive performance last Friday as they defeated Fenelon Falls handily.

## Rosenberg tops in Invitational

More than 50 golfers took part in the first Pinestone Invitational Tournament last Sunday. Playing conditions were excellent and many of the field of good golfers had an opportunity of being the eventual winner.

Ken Rosenberg won low gross with a 79. Bob Nichol was the low net winner.

Other prize winners were: second low gross, Bert MacDonald; second low net, W. Payne; 3rd low gross, Leigh Bull; 3rd low net, Dave Stevens; 4th low gross, Dave Tuck; 4th low net, Bob Collier; 5th low gross, Elmer Lee; 5th low net, Ken Wilson.

Wilson also won the first

nine competition with a 37 while Dave Steven and Doug Kirkham tied the second nine with 37.

A foursome lead by Wally Marks, formerly of Tory Hill, travelled from Chinguacousy Country Club of Inglewood to

play in the event.

Gladys Atman won ladies low gross and Grace Boice was the low net winner.

After a social hour golfers and dinner guests enjoyed steaks barbecued at the new clubhouse.

## Registrations up at Sir Sandford

Registrations for full-time post-secondary programs at Sir Sandford Fleming College are up 6.7 per cent over the same date last year, says College Registrar Paul Lassaline.

The total number of registrations processed by September 15 was 3,632 com-

pared with 3,403 at the same time in 1982.

President Charles Pascal indicated that the registration statistics are in keeping with the College's policy of managed growth. "We're growing where we'd like to grow, that is, according to our areas of priority."

## MTC sets snowmobile rules

Owners to pay \$25 fee for the life of the machine

The Ontario Ministry of Transportation and Communications announced recently new, one-time snowmobile validation decals are now on sale. The effective date for the new decals was October 1.

Under the new system, snowmobile owners will pay a one-time permit fee of \$25 and that fee will be valid for the lifetime of the machine.

On payment, the ministry will provide validation tags which are to be placed on the vehicle as follows:

-- for presently registered vehicles, the two validation tags are to be placed on either side of the cowling on the same location as previous tags.

-- for new vehicles registered after October 1, MTC will issue two identical decals

(approximately motorcycle plate-size) to be placed on either side of the cowling. The validation tags are to be placed in the upper right-hand corner of the decal, as on a regular licence plate. Snowmobile owners may

validate their vehicles at any ministry or local motor vehicle licensing office.

The new system will eliminate an annual fee and result in a more accurate up-to-date vehicle registration file.

## Lakes levels decline despite rain

The Trent-Severn reser-

voir lake levels continue to decline despite some recent rains and reduced outflows from the lakes for the past two weeks. The rate of decline has slowed down, however, and the average amount of storage remaining was 38.4% on September 26, 1983. This is 16% less storage than on the same date last year, but far above the 13% of storage remaining on

this date in 1958.

The rainfall occurring up to about September 22nd caused the Kawartha Lakes to refill and go overfilled by a few centimeters in some cases. The outflow from the Kawartha has been maintained at minimum values, but the surplus is now gone due to the dry weather of the past week, and increased requirements for reservoir water is expected by next week.

## Stanhope seeks airport plan

Stanhope Township council is expected to decide this week on whether to ask a Toronto based consulting firm to prepare a master plan for future development of the Stanhope airport.

Terms of reference for the study have been sent to Marshal, Macklin and Monaghan, and decision will be based on the firm's cost estimate.

Clerk Gerald Bain said the terms of reference meet provincial transport ministry specifications.

Preparation of a master plan is necessary if government funds are to be obtained for any future work that may be carried out at the

airport.

The province will meet 80 percent of the study cost.

The consulting firm completed a similar study of the Stanhope airport in 1978, and the new study would upgrade data from the earlier document.

"They'll be looking at existing facilities, potential for the facilities, as well as, possibly, long term potential" of the airport as a whole, Bain said.

A decision on whether or not to proceed with the study could be made as early as this Wednesday at a regular session of council.

## Dugan brothers among early settlers

By LEOPOLDINA DOBRZENSKY

In the summer of 1865, two young men were seen walking on Gainforth Hill in the backwoods of Peterborough County.

William and John, sons of James and Ann

William Dugan

Dugan of Ballymena in Ireland, had been living and working in the county since the 1850's. They were in Haliburton to look for land.

At age 17, William had left Ireland for Canada, boarding a sailing vessel in Cork. The memory of the six-week long trip was somewhat clouded by the loss of his comfortable feather tick during the crossing. John joined his brother a few years later, after completing a carpenter's apprenticeship.

William Dugan earned his living as a farm labourer for several years. He worked hard and played hard, burning the candle at both ends. Now he was engaged and ready to settle down, but first he had to find land and start a farm. The

"English Company's" ad in the Peterborough Examiner, describing the new settlement of Haliburton in Dysart Township seemed to offer what he was looking for.

"So this is the famous Haliburton road, nothing but rocks, stumps and mud," exclaimed John, shaking his head. "Well, they say that lots fronting on it sell like hot cakes and after all, the price is right," retorted William.

They walked on, until a clearing came into sight. An acrid smell of smoke filled the air. A small log cabin stood on a knoll, surrounded by blackened tree stumps. Alerted by his dog, a man came out of the cabin to meet them. He was Hamilton Mitchell, a native of Belfast and one of the first 40 settlers to move to Dysart in the spring of 1864.

"Come on in and rest awhile, my wife will be happy to see an Irish face," said he.

Over a cup of tea, much information was exchanged.

"Why did you not wait for a free grant, there seem to be some around," asked William.

"Do you want to be stuck in the bush with no roads, no markets, no store, no school, no mill and no close neighbours?" replied Hamilton. "We have all these things here, even a church, and the company is getting us a doctor too."

"Miles, the surveyor told us last year that Haliburton will become a great and important town, one of the finest in Canada," added Mrs. Mitchell. "By the way, there are three 100 acre lots for sale between my land on lot 11 and Gainforth Corners. I'd sure like to have you fellows as neighbours," said Hamilton.

William Dugan picked lot 12, concession V, Dysart, next to Mitchell, a choice which proved to be a good one. Of all the hilltop lots, this one had the best soil and plenty of water. Once cleared and farmed, it provided the Dugan family with a comfortable living.

John Dugan bought lot 18, concession V on what is now the Parish Line. In 1868 he added lot 19, concession V to his holdings and sold out the same year, returning to Peterborough. There he married Sarah Evans and plied his trade as a carpenter. His granddaughter Marion Dugan returned to Haliburton as the bride of Bruce Gould, only son of Anna Dugan, William's

daughter, in 1922.

In 1865, this was still far away in the future.

William Dugan paid \$100 for his land and became a freeholder from then on. The tedious job of clearing began. First he built a shanty and an outdoor bake oven. The young Irishman had been on his own long enough to know how to take care of himself.

Many years later, William told his children how hard it was to remove the huge pine stumps and how he and John built the homestead.

The new house was a two-storey log building with a verandah on three sides. John built window and door frames by hand, with the accuracy befitting a professional tradesman. The downstairs consisted of a large living room, flanked by a kitchen and two bedrooms. A stairway led to the

upstairs, which later served as the children's dormitory and play room.

William Dugan was married to Christina Kidd of Dummer Township on July 21, 1867 in a Christian bible ceremony. Christina was the daughter of Walter Kidd and Elizabeth MacDonald, Scottish farmers who settled in Warsaw, Peterborough County in 1815. Soon after the ceremony the young couple moved to the farm in Haliburton. What bride would not have been pleased with the lovely, spacious home, built on the hillside, with a breath-taking view from every window. Many years later, Christina's daughter-in-law, Althea M. Dugan, the wife of her youngest son Andy, expressed her feelings about the farm in a poem, of which the following is the first part:

# Memories of pioneer life were kept alive

Andrew Dugan and children Jack, Sheridan, Andy, Wilson and Althea

from page 8

'I am dreaming today of the "Highlands," there is mist in the valleys, I know, but the trees on the hilltops are flaming o'er the soft rustling carpets below.

I think I am back in the kitchen, of that home on the hill once again. I see the sun warmly shining, as the cows slowly wend down the lane.

It's autumn again in the Highlands, that is why I am dreaming I know, there goes Bill, Bob, Andy and Echo, as they tramped many times in a row.

In the spring of 1927, the homestead burned to the ground. Today, only the sweet smell of lilacs and a cellar hole mark the place which was a little bit of heaven to two generations of Dugans.

Between 1867 and 1875, Mrs. William Dugan seven children: James, Walter, Anne, Mary Elizabeth, Jack, Dan and Andy. Christina had difficult childbirths and at one time her husband had to hitch up his team of horses and drive to Bobcaygeon to fetch a doctor.

In 1869 William bought the adjacent lot, number 13. There he planted a beautiful orchard. He was widely known as an excellent farmer and good provider. He even managed to send money to his widowed mother, Annie Dugan, in Ireland on a regular basis. Yet life on the homestead was difficult, especially during the first 10 years. Hard work and thrift were the order of the day.

The Dugans were dedicated Presbyterians, who supported their church with unfailing generosity and never missed a service. May Dugan Gainforth

recalled in later years how she and sister Anna, dressed in homespun, Sunday best, rode with the rest of the family in the ox cart to Sunday service. Later, horses replaced the oxen.

Because of the general lack of prosperity in the area, it was difficult to keep a minister on a continuous basis. Even in the summertime, the Presbyterian congregation found it hard to attract someone to Haliburton, as the following entry in the church records shows: "This is the second summer that we've asked for a minister and received a student instead."

William Dugan was more than generous to his church, but on one occasion, his thrifty nature rebelled. This happened when the congregation decided to buy an organ.

"What do we need an organ for, a tuning fork will do just fine," was his comment. The organ was bought despite his objections and he helped to pay for it in the end.

Before 1875, when Haliburton was still part of Peterborough County, William Dugan and his good friend from bachelor days, Archie Burke, used to walk to and from Peterborough on the Buckhorn road for jury duty. Archie had become William's neighbour through the purchase of lot 17, concession VI, Dysart in 1869.

Consistent with the spirit of neighbourliness, which prevailed in the country, the Dugan home was a hospitable place. When the children were growing up, card parties for the adults and dances for the young were frequent. The farm community

worked hard, but knew how to enjoy itself after the chores were done. While the young danced downstairs, their parents played cards upstairs. As the evening progressed, and liquid refreshment took its toll, the card players ended up playing for "tricks" only. At one time an elderly neighbour passed out. Through the combined efforts of his friends, he was hoisted up the ladder and laid on a bed upstairs. Two copper pennies were placed on his eyes, as was the custom with the dead. His reaction when he woke up the next day is not recorded.

A friend from Gooderham made it a habit to walk to Haliburton, stay overnight at the Dugans' and then continue to walk on the railroad tracks to Kilmount to visit relatives. In order to save time, this enterprising lady walked from one point to another, while clicking her knitting needles!

Even less time was wasted by a Mrs. Gibson, another friend of the Dugans, who was known to rock the cradle with one foot, crank the handle of the butter churn with the other and use her hands to knit sweaters and socks for the family at the same time.

In 1884, Christina's health started to deteriorate. She was suffering from arthritis and other illnesses. Her teenage daughters, Anna and May, took over the household duties, except for

cooking porridge. "The girls don't know how to make it," said William and proceeded to cook his own. Every Saturday half of the floors in the house were scrubbed with wood ashes. Pine floors had to be gleaming white; no self-respecting housewife would settle for less. The other half would be cleaned the next week.

Eight years later, on September 25, 1892, Christina Dugan died. She was in her 56th year. Shortly before her death, close relatives travelled in a horse-drawn carriage from Warsaw to Haliburton to say good-bye to their next of kin.

William Dugan's youngest son Andy Married Althea Gould, a school teacher from Highland Grove. They took over the farm in 1901. James married Eliza Jane Holmes and moved to a farm in Snowdon Township. Walter married Maud Johnston and farmed in Haliburton. Anna married Robert Gould and settled on Lake Kashagawigamog in Haliburton. May married Dan Gainforth. Their farm was on Paradise Lake. Jack married Mary Miller, and Dan married Sadie Ferguson. Both families settled in Cobalt.

William Dugan died October 13, 1906, aged 67, at the home of his daughter Anna. He survived his wife by 14 years.

## Senior League

**By Bert Harrison**  
**at Hyland Crest Home**  
Mary Oliver had a birthday and she is ninety four. They had open house at her house near Halls Lake shore, where you could go to wish her well, have a cup of tea, lovely birthday cake and talk of the good old times they had near the shores of Halls Lake. There was more to come here at Hyland Crest Monday, September 26; she had her daughter and son-in-law as luncheon guests. With birthday cake and all good wishes she was surely blest.

At chapel service Sunday night, not too many were there, some were sick and laid aside. Rev. Burgess gave a really interesting talk, first Corinthians two. "For I am determined brethren not to know anything among you says Christ and him crucified." We are happy to hear that Rev. Amos Brubacher who had undergone a serious operation, is convalescing at his home.

Monday morning at fun and fitness bless her little heart, Ada Shorter won the

throwing of the darts. We were happy to have Rev. John James, of Haliburton United Church, take the service in the chapel this Tuesday. Agnes Taylor didn't come the music to play, so Doris came and led the singing and did the job O.K. The colour on the hills in getting brighter every day. We can see God's handiwork now on display.

Congratulations Mr. and Mrs. Andrew Sharpless (Nee Nelda Draper) on their recent marriage and we look forward when you will return Nelda and be back with us again.

Fred Ballard came on Tuesday night and played the organ fine, we can count on Fred for music most anytime. The movies we didn't see Monday night on account of the pot luck dinner, we viewed them Tuesday afternoon with all three a winner.

Wednesday afternoon Doris took a bus load of residents from Hyland Crest to see the colour up Hunts-

ville way where it would be best. They said they had a lovely drive and the colour was real nice, they were glad they had taken Doris' advice.

Our girls seem to keep everyone busy about this and that. They have the men working as well as the ladies on ceramics, now what do you know about that?

The ladies from Minden Catholic church brought in a tasty lunch on Thursday, while some were serving it Toos Reid and Rose Barry fine music they did play. They played and sang so lovely we were well entertained. We hope some day they will come to visit us again.

Members of the Kinsmen club, Deacon and Crowe, called the Bingo numbers Thursday night, put on a real good show. All the players seemed content. Some had real good luck, others didn't win a cent. The following was composed and recited by Mary Oliver.

To all my friends at Hyland Crest, thanks for wishing me the best. For prayers, cards and love to me, it helped to my recovery, and as I lay upon my bed, thoughts of you went through my head. I wondered how the meeting went, did you have a new resident? It's nice to see you all again looking very much the same. God bless the nurses for their care, and all the good friends everywhere. So thanks again for being blest with my good friends at Hyland Crest.

We are glad to have Mrs. Grace Coburn our Sing Song

leader back with us again this Friday, in the absence of Mrs. Baron we welcomed Mrs. Cox to play. Then someone did say "tell us about the time you had when you were away." She told us then how she and Lorne motored to Winnipeg to attend the hundredth anniversary of the church she belonged to, away back when. They were wine and dined and taken out for dinner, she could tell us a lot more, she said this was just the beginning.

We have a new resident come to live at Hyland Crest, Mrs. Ena Dart from Haliburton. We hope she will like it here, we're sure she will fare the best.

Dear readers, by the time you get our next Senior League letter Thanksgiving will be over and we have so much to be thankful for, especially we elderly folk here at Hyland Crest, for shelter, food and nursing care we are truly blest.

Tossing the caber, in this case a cedar pole, was on the activities at the Dysart community centre on Saturday as part of the Harvest Festival.

## Writers' Corner

### THANK YOU

As I might not live another day  
I'll voice my gratitude to-day  
For all the gifts God's given me--  
For ears to hear, for eyes to see;  
For hands to work, for legs to walk,  
For tongue to taste and mouth to talk;  
For skin to feel a loved one's touch,  
For mind with which to learn so much.

For sense of smell, for heart to feel,  
For all good things which have appeal;  
For warmth of clothes and happy home,  
For friends to care when I'm alone;  
For work to do, and strength of will  
With just good thoughts my mind to fill;  
For tunes to hum, and songs to sing,  
For happy days and bells to ring.

For clouds that scud across the sky,  
All creatures that swim, walk, or fly;  
For trees and flowers, dales and hills,  
Oceans, lakes and rippling rills;  
For sun to warm and give days light,  
For gorgeous sunset, restful night;  
For rain to freshen and cool the earth,  
Water the seeds which give crops birth.

For help and kindness from friends that are true,  
Giving smiles and encouragement when I am blue;  
For all the beauties of thought and deed  
Given so freely when I'm in need;  
The list of my blessings is long you can see,  
But the best gift of all that's been given me  
Is peace of heart and a faith secure  
That God's great love will e'er endure.

For all His children I humbly pray  
And thanksgiving to God I offer to-day.

Joy M. Ballard  
Wilberforce, Ont.

## Information Centre

by Ruth Foster

Did you know the Canada Mortgage and Housing Corporation (CMHC) has a program to help assist homeowners extend the life of their older homes? They have a Residential Rehabilitation Assistance Program (RRAP) running right now. This program is available to homeowners in the townships of Anson, Hindon and Minden, Dysart et al and

Monmouth.

The financial assistance given may not exceed a total of \$10,000. The loan can be divided into two categories. The first being a repayable loan of up to \$5,000. This loan is available at the current interest rate the day the loan is approved. The second category is a forgivable loan of up to \$5,000.

A representative visits

your home and recommends various improvements from which your home would benefit. The decisions are then made by CMHC as to the amount and the kind of assistance you may receive. You must however, fit into a specific income bracket.

For details about the RRAP Program call the Canada Mortgage and

Mike Amyotte

## A musician on the way up:

### Mike Amyotte gains a place in Youth Orchestra

It may seem like a quantum leap from playing in a high school band to performing in a symphony under the baton of Andrew Davis, but that's precisely the leap that Mike Amyotte of Minden will take this winter.

Amyotte, a Grade 13 student at Haliburton Highlands Secondary School, and an accomplished trombone player, outperformed eight other student trombonists from across Ontario at a recent audition in Toronto and gained a place in the Toronto Symphony Youth orchestra.

Every Saturday for the next several months he'll travel to Toronto to practise with the orchestra, and will perform in a number of concerts in the Toronto area, some of them under the leadership of Andrew Davis. As well, Amyotte will get a chance to improve his skills at music camps in November and January.

Not bad for a fellow who learned his music by playing in school bands, and whose first love up to now has been jazz.

Amyotte took up the trombone six years ago, but has only had private lessons for the past year, from Melissa Stephens.

It was Stephens who suggested he audition for one of the three places open for trombonists in the youth orchestra this year. A list of audition pieces and scales was obtained from Toronto and

Amyotte got to work in preparation for the judging.

His greatest challenge was to adopt the somber precision required of the classical musician. His energetic, jazzy approach kept showing through. But on the day, his playing impressed the judges enough that he was accepted for the orchestra.

Despite his interest and abilities, Amyotte is not dedicated to practice. He says he spends about three hours a week working on new pieces and technical exercise. But he plays much more than three hours a week, and sharpened his skills through performance in school bands and jazz ensembles. And when he has an audition or a festival to prepare for "I really crack down" he says.

Despite gaining a place in the youth orchestra, Amyotte does not aspire to become a full time, performing musician. Instead, he hopes to enrol in the musical education program at the University of Western Ontario next fall, with a view to becoming a teacher. And he hopes there will be enough time left over to continue playing jazz and classical music for fun.

And what about his long term goals? "I want to take Andrew Davis' job" Amyotte laughs. "Well, you never know."

## Minden WI hears about cultural affairs

### Submitted

A small group of Minden Women's Institute members met at the Library Cultural Centre on September 21 with Mrs. L. Cox, president, in the chair. The Roll Call of antiques and their history proved very interesting. The group had an excellent report of a summer bake sale and Mrs. Cox thanked those who helped, whether with goods or donations.

Twenty-six cards had been sent since last meeting and

collections for this fund and Pennies for Friendship were taken. A friendly card was passed around to sign for Mrs. W. Moore who is presently in hospital.

Plans were made for the Home Repairs Workshop at this same place October 6 from 2 to 5 p.m. with those interested to contact Mrs. Cox.

The usual donation of \$30 will go to Archie Stouffer Public School after this meeting.

Mrs. C. Wilson, convenor, then gave a very rewarding paper on Cultural Affairs regarding W.I. members. She mentioned music, language, art, book reports, and musical instruments as learning experiences. We may need changes in our culture in this country and we should broaden our outlook and get new ideas from new members, she said. Everyone was appreciative of this and it is too bad so few

were there to hear it. Mrs. A. Coulter gave a lively short reading.

The meeting adjourned and all enjoyed the lunch and a chat. Next meeting will be October 19 at Library Cultural Centre Common Room with all ladies welcome.

The Echo  
457-1037

## Home Support group hold annual meeting

The Annual General Meeting of the Haliburton County Home Support Services was held at the Pine-stone Inn, Haliburton, on Friday, September 16, 1983. Some 75 people were present.

Ivan Hunter, president, convened a short meeting of the 1982-83 Board in order to conduct the following pieces of business: Minutes of the Executive Committee meeting of August 25 were adopted as circulated.

The President then declared the third Annual General Meeting in session.

The guest speaker, Dr. Elizabeth Cape, an Assistant Professor of Gerontology at the University of Toronto,

was introduced. She told the meeting that she was particularly pleased to see so

**Are your hard-earned dollars going up in smoke?**

Then take a few minutes now and discover how adding electricity to your oil furnace can dramatically cut the cost of heating your home. If your oil furnace is in good condition, but you'd like it to run more economically, a dual-energy system combining oil and electricity may be just the answer. In fact, depending on how much electric heat you add, and how you operate your system, you could use as little as one tank of oil for an entire heating season!

An electric plenum heater, for example, will reduce the amount of oil your furnace uses by up to 75%. While adding a heat pump will cut oil use by 25 to 30%, and provide air conditioning in the summer for economical year-round comfort.

If your furnace does need replacing, an electric furnace or one of the other electric systems can heat your home cleanly, efficiently and economically.

If you'd like to know more about dual-energy and all-electric systems, write to Ontario Hydro, 620 University Ave., 4th Floor, Toronto M5G 1X6, and ask for our free booklet "Electric Heating Options for Your Home."

The few minutes you take now could add up to big savings this winter.

# Haliburton Highlights

There were a lot of disappointed people at the Turkey Supper which was sponsored by the Haliburton Figure Skating Club at the Royal Canadian Legion on Sunday afternoon. A large number of people had to be turned away when just an hour after the doors opened at 4:00 p.m. they ran out of turkey and enough food to feed the others. This year's attendance was away above last year's and apparently the Figure Skating Club ladies didn't have enough food for the large crowd that turned up. Yes, the sold sign went up shortly after 5:00 p.m.

Ron Stackhouse, who played professional hockey with the Pittsburgh Penguins and the Detroit Red Wings, retired from active play in the National Hockey League last year, has been attending school in Toronto and taking a business course. This week he is off to the West with the NHL Oldtimers hockey team who will playing exhibition games in Edmonton, Calgary and other Western cities.

Work is progressing on the new home of Madill Plumbing and Heating and it shouldn't be too long before they will be moving in and set up for business. The new building is located on the Robertson Side Road in Haliburton next to the Haliburton Auto Body.

The Victoria-Haliburton Liberal Association will be meeting to elect the delegates who will be attending the annual meeting of the Ontario Liberal Party which will be held at the Red Carpet Inn, Lindsay on Wednesday, October 12 at 8:00 p.m. A good representation is expected to attend from Haliburton County.

There seems to be very little food for the bears to eat this year in the forest so this means they have to come to areas where they obtain some. They are getting very brave when one considers the fact that they are coming right into the village of Haliburton. Said bears have been spotted hanging around the village hill area near local homes and in other areas in the village. One day last week Myles Roberts, an employee at the Haliburton IGA, was coming to work at 6:30 a.m. when he spotted a big bear wandering around the IGA parking lot.

The 'Over 'Ome Day' held in Haliburton on Saturday in connection with the Harvest Festival '83 will go down in history as a flop. The afternoon's activities drew only a handful of people and a crowd of only 52 people took the time out to attend the dance and music hall revue held at the Curling Club. This was a joint effort of the Haliburton Highlands Chamber of Commerce and the Rotary Club of Haliburton.

Mike Wood, a Haliburton native who returned to the Highlands in March of 1983, was a recent guest speaker at a Rotary Club meeting in Haliburton. He brought the club up to date on his education and employment experiences since graduating from the Haliburton Highlands Secondary School in 1973 and brought the club up to date on his current work in the county. Mike is now the Case Co-ordinator of Children's Services for Haliburton County. As such, he acts as liaison between families and a child with a special need and the required services such as therapy, special medical attention, counselling, etc. Mike covers

all of Haliburton County and takes referrals from anyone in the community who feels that they have identified a child with a special need.

The water is really low in the Drag River and in Head Lake and there's a good possibility that it has never been lower than it is at the present time. To give you an idea just how low the water level is, the long extended dock at the Rotary Beach is now all on dry land.

Speaking on the subject of the Rotary Beach, we have learned that the Rotary Club of Haliburton asked on of their members, Curry Bishop to take a good look at the status of this swimming area and to bring a report back to the club. Curry came back and told the members that given the Head Lake's history and current composition not much can be done to improve the bottom other than perhaps to widen the beach.

The new, improved Haliburton Huskies under new coach Darrell Stamp will take to the ice at the Haliburton arena this coming Saturday evening, October 8 at 8:00 p.m. in their League opening game against Penetang. The Huskies will take on a new look this season and should supply the fans with plenty of thrilling hockey action.

The caboose, located near the Rails' End Gallery, has had a very busy season and hundreds of visitors have passed through its doors seeking information on where to go and what to do in the Highlands of Haliburton. It will be open for the Thanksgiving weekend but then will close for the season.

Just a reminder here that players interested in playing in the Haliburton Men's Recreational Hockey League must register by October 10. The registration fee is \$65. If you are interested please call Tom Curry at 457-2916 or Drew Carey at 286-3446 after 6 p.m.

Here are a few local personal notes: Gaff Davies of Trenton was a recent visitor to the village. We understand that Ken Morley, who suffered a heart attack recently, is well along the road to recovery and expects to be back in circulation in the near future. Mr. and Mrs. Dennis Griffin of Scarborough were visitors here recently. Mr. and Mrs. Harold Langdon have returned home following a four day bus trip in the United States. Mr. and Mrs. Russ Murphy of Oshawa spent last weekend at their cottage on Drag Lake. Mr. Doug Brohm has returned home following a vacation in Europe. Mr. and Mrs. Iles spent a week's vacation in the Owen Sound area. Mr. and Mrs. Arthur Dawson and Clifford Dawson have returned to Haliburton following a three week vacation in Nova Scotia. Mr. and Mrs. Jack English of Huntsville visited with relatives here on Sunday. Mr. and Mrs. Phurness Watt visited with relatives last week.

Members of the Haliburton Rotary Club got a little help from Shirley Rydman on Saturday as they took part in a tug-of-war that brought plenty of laughs. The prize? Harvest Festival mugs all around.

## Plight of older women in Haliburton to be studied

from page 11  
many older women present in one place, meeting out of mutual concern, because this was not the case in the part of Northumberland County with which she is most familiar, and which has been the source of her increasing concern over the fate of older women in rural areas.

Dr. Cape is now conducting a comparative study, funded by the provincial government, of these women in the rural areas of Haliburton and Northumberland Counties. Instead of "importing" field researchers from Toronto, she intends to recruit older local women to do the research themselves. Ten senior (over 55) women

in each county, who are able to drive, will be trained to talk to their friends and neighbours, to find out what they are doing now that their more active lives are over. This research work will be paid. She believes that there is a considerable difference between the counties, which may account for the different behaviour of older women in Northumberland from that in Haliburton. Northumberland is an old, settled, agricultural district, male-dominated, where the women look after their houses and families and take little part in the life of the community outside the home. Once this "care-providing" stage is over, the women become invisible in

their homes. Loneliness is a very real problem. Many women lose touch even with each other, and, although rural people are very ready with help in an emergency, few of these isolated older women, she found, seem to have any regular source of help from family and friends. She thinks that Haliburton, basically a "cottage"

rather than a farming community, may be quite different in several ways, and this is what she wants to study. She pointed out that women, already making up the larger portion of the population over the age of 65, are increasing that differential still more as life expectancy increases

## Stanhope Council minutes

from page 2

Council approved severance application number H127/83 as submitted by Earl Dawson and Jean Hogg.

Council approved application by John Barclay to construct a retaining wall fronting part Lot 27, Concession 6 subject to written approval of abutting property owners.

Council approved a proposal by Paul Richardson to construct a retaining wall fronting his property on part Lot 27, Concession 12, Little Hawk Lake, in accordance with plan submitted. In support of this application consents from abutting property owners and the Ministry of Natural Resources are attached.

Council acknowledged receipt of a letter from Michael Park, solicitor acting on behalf of Nancy Hardy regarding a road closing proposal on part Lot 6, Concession 3. Park requested to proceed with step three of the Municipal Road Closing Procedure.

Council approved in principle the stopping up, closing and conveying a part of an original allowance for road adjoining Kushog Lake fronting part Lot 3, Concession 6, Township of Stanhope as proposed by Harvey Reading. Reading was requested to proceed with step three of the Municipal Road Closing Procedure.

Council approved in principle a proposal by Brian

Smith to construct a retaining wall and place fill fronting his property on part Lot 2, Concession IV, Kushog Lake, conditional upon Smith obtaining written consents from each of his neighbours in this regard.

The clerk has invited a representative from A.O. Shingler and Company Limited to the next regular meeting of council to further discuss Bailiff services in the collection of tax arrears.

Council acknowledged receipt of the minutes of a recreation committee meeting held September 7, 1983. Council wished to advise the Bicentennial Grant referred to in the minutes should read \$1,170, not \$511,070 as indicated.

ated.

Council accepted, with regret, the resignation of Gaylene Johnson from the Stanhope Recreation Committee, and extended sincere appreciation to Johnson for her volunteer work, effort and dedication to this committee over the years.

Stanhope Township will join the Cross Country Ski, "Nordic Trail Association" as outlined by Curtis Eastmure.

Council approved the purchase of one Olympic 20 H.P. and one Nordic 24 H.P. Ski-Doo plus trailer at a total cost of \$775 plus applicable tax.

Council acknowledged receipt of Community Centres Board minutes of a meeting held August 17, 1983.

Council accepted the resignation of Mrs. Nellie Thompson janitorial services at the Stanhope Community Hall. It is understood that Mrs. Thompson will continue with her services in this regard at the Stanhope Library and the Municipal Office.

Council adopted the "Municipal Airport Development Program Guidelines" for the Preparation of Municipal Airport Master Plan Reports as prepared by the Ministry of Transportation and Communications dated 1983 as the "Terms of Reference" for the preparation of a "Master Plan" for Airport Development at the Haliburton Highlands Stanhope Airport. The clerk was

requested to forward a copy of this "Terms of Reference" to Marshal, Macklin and Monaghan Consultants Limited for a quoted cost on the preparation of this plan in accordance with the terms.

Council advised the Maple Beech Lake Property Owners Association that the planning appraisal report referred to in their letter dated September 9, 1983 is one which normally is not circulated to the public at any time. However, it was felt the report contained such serious areas of concern on cottage development that in all fairness the Property Owners Associations should have an opportunity for input. The input and co-operation received from all property

owners associations in this regard is greatly appreciated.

The clerk will contact the Ministry of Transportation and Communications regarding the proposed posting of signs of Highway 118 which would state the location of Maple and Beech Lake Tourist Areas.

Council approved of an entrance off Rosamond St. (Stouffer Rd.) to property owned by Milton Fletcher, subject to a culvert being installed to the satisfaction of the road superintendent.

Kicking a rubber boot is harder than it looks, as many participants found out on Saturday during family activities at the Dysart ball diamond.

Mark Schell takes aim on the peg in a horseshoe tournament at the Dysart community centre on Saturday. The action was part of the Harvest Festival in Haliburton.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

## Kinmount Korner

By MILLIE MOSS

A very happy anniversary to Penny and Leon Hartin on October 7 from all the Hartin family.

A fox has been frequenting our area of late. It was spotted up the hill, on our road, one evening recently and later, Riley, our Setter was outside and was barking furiously over the end of the front deck and the fox was seen to trot again towards the road. A few days later, our neighbour Ken Hyams told me it had walked right around their house. Ken reported the matter to the authorities and to other neighbours who have young children playing outside. You can't be too careful when our wild critters act out of the ordinary.

While at Mary Hartin's Salon, Saturday, September 24, I had the pleasure of meeting a young lady, who, with her husband, will, we hope, be moving to our town from Toronto within the next couple of years. At present they spend their weekends working at remodelling their home next to Brad and Mary Hartin's on Highway 503. The young lady's name is Susan Mann and I'm sure she and her husband will be a very welcome addition to Kinmount.

Ellen Field of Kinmount was the happy winner of \$26.75 in the Kinmount Legion 50/50 draw Saturday, September 24.

Bill Jr. and Jason Moss spent their last weekend in Toronto with sister/aunt Bonnie Walker.

The advertising and promotional committee are interested in obtaining information on activities that will be happening in and around the Kinmount area this winter. They plan to publish a monthly list of events, to be circulated in the area. For further details contact either Flo Joplin at 488-2060 or Ivor Thompson at 488-2411 between the hours of 6 p.m. and 8 p.m.

I was sorry to hear that June Grozelle is a patient in Ross Memorial Hospital in Lindsay as of September 26. Also, that Vivian Anderson and Virginia Barkwell are both feeling poorly. I hope all are well very soon.

Happy birthday to Reg McCluney and also a very

happy silver (twenty-fifth) wedding anniversary to Reg and Barb McCluney in early October from all your friends in Kinmount.

Grace Peel of Balsam Lake, Jean Neath of Norland, Gertrude Twine of Oshawa and Olive Wilson of Kinmount recently attended the Bancroft Joy Bible Camp. They enjoyed super food and a very enjoyable stay from Friday to Wednesday. The bus trip from Bancroft to Barry's Bay was beautiful with the colouring of the leaves. The Master Painter is doing it once again.

Monday, September 26 the women's missionary meeting was held at Norland Pioneer Baptist Church in Norland. Guest speaker was Mrs. Doreen Wilkinson of Davis Lake speaking of her many experiences in places she has been including Thunder Bay. These ladies are starting a drive in which they hope you will all give generously of any clothing or canned goods, etc. These donations will in turn be given over in aid of the Scott Mission of which I'm sure you've heard many good reports over the years. For further information you may call Marg Brohm at 286-2339, Doris Barkwell at 488-2355, Olive Wilson at 488-2067 or Marg Davey at 454-3480.

Mrs. Kathleen Atkins would like to thank all her friends for their prayers, cards, gifts, phone calls and visits she received during the period she was in hospital with a broken hip. The kindness shown her at that time will long be remembered. Mrs. Atkins, at the moment, is coming along nicely with the aid of a cane.

Happy birthday to Alfie Barkwell, son of Bill and "Ginny" on September 26. Oh to be 30 again!

A few of the A.C.W. members attended a meeting at the home of Helen Jones Thursday, September 29, the object being to get started at making little Christmas trinkets towards their annual bazaar to be held Saturday, November 26 from 11:00 a.m. to 3:00 p.m. More on that later.

The A.C.W. annual Turkey Supper will be held at the Kinmount Legion Hall, Saturday, October 22 from 4:30 p.m. to 7:00 p.m. Adults

\$5.50, 6 to 12 years of age \$3.25 and preschoolers free.

The last weekend for this season will be October 9-12:00 noon for you to visit the Farmer's Market at Minden, across from the firehall. Produce and home baking will be available and if you're quick you'll be able to get your Thanksgiving pies right there.

Bonnie Walker, Bill and Jason Moss and Charlie

Ryan were weekend guests at our house, October first weekend. One of my birthday gifts was another track suit and I'm beginning to think they're trying to tell me something.

Isn't this gorgeous weather we're having?

Well folks, stay well and happy and continue reading the Echo. Remember our shut-ins. Get well soon Sam Telford.

Call me at 488-2353.

## Wilberforce News

Members of the A.C.W. held their first fall meeting at St. Margaret's Church on September 21. Business discussed included the coming Deanery meeting that will be held at Balsam Lake on October 6. A generous donation was made to the Church fund and the sum of \$30 was put aside for the orphan fund.

The ladies completed a quilt which will be sent to the Church Army Rally in Peterborough that takes place on October 14.

On Sunday the harvest service took place in St. Margaret's Anglican Church which had been beautifully decorated with leaves and flowers, fruits and vegetable. These had been supplied by members of the congregation and their friends in a spirit of thankfulness for a generous year. The produce will later be sent to the Church Army.

In a tattered book recovered from the home of the late Mrs. Shay, are recorded the minutes of the Ladies Auxiliary then known as the W.A. Mrs. Shay was secretary in 1932 and her writings show that at that time members were busy as they are today with quilting, knitting and sewing and preparing for

bazaars. Collections at the meetings usually amounted to 50 cents, sometimes less. New curtains made for the church altar and vestry were paid for with \$7.42 from the church, a like amount from the W.A. and \$3 from the Sunday School. Their annual budget was \$6. Diocesan offering was \$1, rent for the hall \$12. There were 15 Little Helpers and also a Boys League.

Your Recreation Committee has prepared another great event for you. On Saturday, October 8, the annual October Fest takes place. Monmouth arena will come alive beginning at 9:00 a.m. with a great display of interesting items at the flea market. A bake sale will have lots of goodies for sale. Food will be available at noon. An evening dance features music by "Laredo."

The Wilberforce Full Gospel Church invites you to join them for some special meetings on October 6, 7 and 8. The speaker will be Evangelist Stan Rukin. These meetings will be held at St. Margaret's Anglican Church and are to begin at 7:30 each evening. Please plan to attend.

By KELLY GRAHAM

Well, it looks as if I'll have to eat my words - summer is back for a short time anyway. I don't mind, however, this weather is worth it!

My grandmother, Beryl Kipp, recently returned from a four-week tour of Italy and Switzerland. The weather was described as beautiful and she found Switzerland especially attractive. At one point their bus was forced into a ditch by an army truck in Rome. The driver was worried because he said he would have trouble collecting damage costs from the Italian army. He was happy to learn it was a U.S. army vehicle.

Last week I told you of a surprise dance being planned for Elmer and Shirley Bowins in honour of their 25th wedding anniversary. Well, the party was a great success. The happy couple was very surprised and many people came to pay their respects. Many beautiful gifts were received.

Remember, there will be a teen dance at the Norland Community Hall on Saturday, October 8. It begins at approximately 8 p.m. and admission is \$1.

The teachers at Coboconk Public School held a luncheon on Monday, September 26 to honour Ms. Jean Garrow, the grade 7 and 8

teacher. Ms. Garrow was recently married to Mr. Paul MacLachlan. The staff presented them with a home-made afghan in fall colours and a matching arrangement of dried flowers.

On Wednesday, September 28 the students of grade 7 and 8 held a luncheon and presented her with a set of glasses.

The winner of Shirley Harrison's latest Wintario ticket was Nancy Greer.

Congratulations to Ada and Les Thomas who celebrated their 57th wedding anniversary on October 4th. May they both enjoy many more happy years together.

The next film to be shown at the Norland Baptist Church is entitled "Preparing for Adolescence: The Origins of Self-Doubt." The film will be shown on October 16 at 7:30 p.m. If you wish to phone for additional details the number is 454-8343.

The shows featured at the Highlands Cinema in Kinmount for October 7, 8, 9 and 10 are "Twilight Zone-The Movie" (7:15, restricted) and "Porky's II-The Next Day" (9:30, restricted).

The euchre scores for September 29 are not available.

Congratulations to the following Coboconk Public School students: Jennifer

Bailey, Grade 2; Jonathan Parker, Grade 2; and Ann Marie Payne, Grade 7. These three were the winners in the summer reading contest. The prizes were book certificates.

## Carnarvon News

Mrs. Minnie Sisson is confined to her bed. She has had Mr. and Mrs. A. Sedore of Belleville and Mrs. Mary Oliver to visit her.

Mrs. Arch McKay is in the Peterborough hospital.

Mr. and Mrs. Garth Windsor are visiting Garth's parents.

On Saturday the Fletcher-Marlow wedding took place at St. Peter's Anglican Church. Congratulations to the young couple.

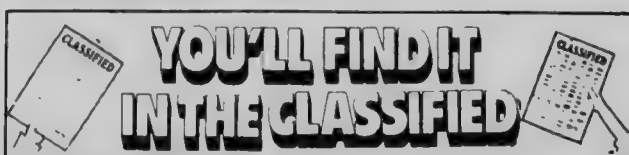

Blance and Maurice Windsor visited cousins in Bancroft last week.

Conundrum: I wonder how

Sinclair Russell could be the Grandfather of his twin sister's daughter, Carol Watt. The family are still speaking to me and putting it down to old age. With two mistakes and apologies I had better soon take off to the sunny south and hope someone will write the news as we take both local papers and like to hear from home.

Nancy Flemming of Toronto has been visiting Velda Harrison.

Now Velda has as her guest Reta Sargeant of Peterborough.

## Annual General Meeting

OF VICTORIA-HALIBURTON UNIT OF  
**THE CANADIAN CANCER SOCIETY**  
**WEDNESDAY, OCTOBER 19**  
AT CAMBRIDGE ST. BAPTIST CHURCH, LINDSAY

DINNER 6:30 p.m. Tickets \$2.00 Meeting at 8 P.M.

Guest Speaker: Mrs. Pat Walker, Head Nurse, Princess Margaret Hospital, Toronto. The general public are cordially invited to attend the dinner and the meeting or either one. Mrs. Walker will be giving a most interesting talk on the mental and social implications of cancer.  
NOTE: Please notify the Cancer Society office by October 7th if attending dinner.

Now Available

## Beginning Farmer Assistance Program

A New Ontario Program to Help Farmers Get Started in Their Own Operation

Over the next five years, the Ontario government will be investing up to \$135 million to encourage competent new farmers to enter the farming business.

This will be done—for qualified applicants—by making it easier for beginning farmers to meet the present-day high costs of farm loans.

How the program works:

- The Ontario government will pay a direct cash rebate for 5 years on the amount of loan interest in excess of 8%, up to a maximum of 5 percentage points. This interest rebate will apply on loan amounts up to a limit of \$350,000 per person.
- The loans will be administered by the FCC (Farm Credit Corporation) and other authorized lending institutions including the Bank of Montreal, Canadian Imperial Bank of Commerce and the Toronto Dominion Bank.
- The program applies to qualified loans granted on or after May 10, 1983.
- Applicants must never have been a farmer before (either for a majority of their time or for a majority of their income) and never owned a viable farm, but must have agricultural experience and/or agricultural education.

FULL DETAILS ARE AVAILABLE from local OMAF county offices or from lending institutions.

## Dorset News

**By PHYLLIS BRISCOE**  
"Hospitality doesn't depend on size or supply. If the heart is big enough, so is the table and so is the house."

The much needed rain finally came and it was a good steady one last Friday, when it rained all day. I'm sure all of the people whose wells were dry or almost were happy to see it come, just let's hope it was enough to do some good.

Dorset Playtime for pre-school children is being held at the Dorset Community Centre on Mondays from 9:30 to 11:00 a.m. Any children, accompanied by their mothers, who live in the surrounding area are welcome, as well as kindergarten children on Mondays they don't attend school. There is a charge of \$5 per month plus a can of juice. If anyone wants information on the plan please call Greta Bacher, 766-2777 or Carey Lock at 766-2246.

Irene and Jack Clayton have returned from a motor trip through south eastern Ontario. While they were away they attended the air show at Trenton which they enjoyed very much.

A visitor at the home of the Harry Claytons is Blanche's sister, Mrs. Lillian Johnston of North Sydney, Nova Scotia.

The Dorset Senior Club has begun its fall season with a luncheon meeting last Wednesday. A vote was taken on the time of holding meetings and the consensus was that there would be evening meetings until the end of October and then afternoon meetings until the end of April, when evening meetings will begin again, Wednesday still being the meeting day.

Sir Sandford Fleming College is offering some workshops for anyone in the community who might be interested. They will be held at the Dorset Community Centre. There will be a basket making workshop on September 24 and 25 from

9:30 a.m. to 4:30 p.m. The fee is \$30. On October 1 and 2 it will be Shawls - made on a triangular loom. Fee \$30. On November 19, Calico Christmas, 1:00 to 3:30 p.m. Fee \$15 plus \$5 for material.

To register for any of the above workshops, send a cheque to Sir Sandford Fleming College, Box 339, Haliburton, Ont. K0M 1S0. It would be advisable to register as soon as possible to insure your place.

Registration for the Brownies, Guides and Pathfinders will take place on Thursday evening, September 22 at 7 p.m. at the Dorset United Church.

H.H. To climate that musty smell in trunks, cupboards or any closed area, take a large cotton ball and saturate it with oil of wintergreen, place on a small dish or tin and leave in musty area for several days and smell will disappear.

"A man must have his dreams -- memory's dreams of the past and eager dreams of the future. One never wants to stop reaching for new goals."

The temperature of the lake water has taken a decided drop, still invigorating by chilly. The wind surfers are still braving the elements and making use of whatever good weather we have to get and flit across the lake by sail. Those little water craft, if such they are, really travel at a high rate of speed and seem to be maneuverable in almost any type of weather. The village is quiet once again with the majority of our summer residents having returned to their homes farther south. What a wonderful summer it was. I'm sure

everyone enjoyed it to the utmost.

Having missed the first weekly column in September, I guess I am just getting back in the groove. I have omitted the September birthdays but will get them in now even though they have passed. Many happy returns to Sarah Nach, September 4; Eldred MacKay, September 9; Nancy MacDonald, September 18; Carl Hammond, September 19; Erich Nash, September 22 and Mildred Park, September 23. Anniversary greetings to Leon and Joyce McKey on September 26 and to Norm and Doveina MacKay on the 26th also.

The United Church once again held their Terry Fox run and were accompanied by members of the Hillside and Dwight congregations. 27 runners in all participating. The run was followed by the annual congregational corn roast, held at the home of Ruth and John McLennan on Painy Lake. The organizers would like to thank all of those taking part in the run as well as all the sponsors. There was \$475 realized from the run.

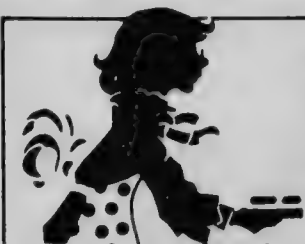

The Dorset Anglican Church has acquired an electric organ. It is one from a local area church that was investing in a new one. It is a very nice organ and fills the need admirably.

We have a very dangerous

intersection in the village where Harvey Avenue enters Highway 35, coming from the Post Office area. There is a curve on one side and a bridge on the other that leaves a blind spot. A driver can look both ways, see nothing approaching and continue onto 35 and suddenly there is a car almost on top of him. Cars are supposed to travel at a lower rate of speed in this area but few do. There have been several minor accidents at the intersection and we hope there is something done about it before there is a fatality.

We are sorry that the report of the death of a local citizen has been omitted until this time. Hector McKay, son of the late Alex and Margaret McKay, pioneer citizens of Dorset, passed away at a Toronto hospital on August 27, after a prolonged illness. Hector was born and raised in Dorset and lived most of his life here. The sincere sympathy of the community is extended to his wife Marcella, his son and daughters, his sisters and any other family connections.

H.H. When baking fruit cakes or loaves put a pan of water on the bottom shelf of the oven. This gives a moist cake and helps prevent scorching. If they brown too quickly place brown paper (a brown bag opened up) over the top to finish baking.

## Gooderham News

**By MARY HADLEY**

Albert Madill died in the Ross Memorial Hospital in his 95th year. Funeral services were held from Mackey's, Lindsay, on Monday, September 26, with interment in the Glamorgan Cemetery.

The late Albert Madill was born and grew up in Gooderham. Later he moved to New Ontario and Manitoba but returned to Lindsay where he was a hairdresser.

Two brothers, lifetime

residents here, Tommy and Allan, predeceased him. He is survived by two sisters, Martha, in the U.S., and Katie in Lindsay, and one brother, Mace, of Kingston.

Evelyn and Hubert Alsop spent an enjoyable weekend recently in Oshawa with their family, Adeline and Ross Hunter and Muriel and Lawrence Alsop.

Mrs. Mae Pickens and her daughter, Vanieta have returned from spending two weeks in St. Catharines visi-

ting Leona and John Mackie. We are glad to see Ken Webster home from Oshawa General Hospital and Walter Madill from St. Joseph's, Peterborough. Best wishes for continued improvement!

Gooderham's population has increased with the arrival of two baby girls last week. Cheryl and Joe Billings are the proud parents of an 8 lb. 11 oz. girl, Tracey, who was born at Peterborough Civic Hospital September 20. Debbie and Arnold Graham,

also are happy to welcome their 7 lb. 4 oz. baby girl, born September 26 at the Civic Hospital. Congratulations, lucky parents!

Many friends and well-wishers gathered at the Community Centre last Thursday evening to honour Karen Franke with a bridal shower. She received a variety of beautiful and useful gifts for which she showed her appreciation. The hostesses served a tasty lunch. Karen will marry Eddie Dewey October 15.

## Agricultural Report

### Silo gas warning

Silo filling has been and is the major activity on many farms in East Central Ontario at this time of the year. Every time a farmer fills a silo, he needs to be aware of the potential danger of silo gas.

As a result, the following comments from the Farm Safety Association are important to every farmer working with silage this fall.

Drought-like growing conditions during July and August may have created a situation where silo gas may be more of a problem this year than others.

Silo gas or nitrogen dioxide, is produced as a

by-product of the fermentation process that takes place once plant material is put into a silo. Climatic stress on the plant material during the growing season can dramatically increase the possibility of toxic gases forming. To avoid silo gas, farmers are advised not to harvest crops immediately after a rainfall.

Conversely, crops damaged by hail or frost should be harvested as quickly as possible to avoid build-up of excess nitrate in the plant material. If weather or other factors have increased the possibility of nitrate buildup, plant material should be cut higher than normal, as excess nitrates are stored in the

lower portion of corn stalks. Within a few hours after silo filling, silo gas may be recognized by a bleach-like odour and may be visible as a yellowish-brown haze. Dead flies or birds at the base of the silo may also be an indicator of the gas.

Once a tower silo is filled it should be sealed and declared off limits for at least a three week period. During this period of time, the silo should not be entered, unless all rules for confined space entry are closely followed and a self-contained breathing apparatus is used.

**Deadline for grain stabilization**  
Farmers who are growing

corn, soybeans, white beans, barley and winter wheat must enrol by October 1 if they wish to participate in the Ontario Stabilization Program for the 1983-84 crop year.

Producers pay an enrollment fee representing one-third of the estimated maximum support payout. The remaining cost of the program is paid by the Ontario Government.

Registration forms have been mailed to growers who participated in the program for 1982. Other interested growers can obtain details and application forms from their County Agricultural Office.

THE CORPORATION OF THE UNITED TOWNSHIPS OF  
DYSART, DUDLEY, HARCOURT, GUILFORD, HARBURN,  
BRUTON, HAVELOCK, EYRE AND CLYDE.

## NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE CORPORATION OF THE UNITED TOWNSHIPS OF DYSART, DUDLEY, HARCOURT, GUILFORD, HARBURN, BRUTON, HAVELOCK, EYRE AND CLYDE, IN THE COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 302, Section 301 of the Municipal Act, R.S.O. 1980, as amended, that the Township Council of the Municipality of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, November 14th, 1983, a By-Law pursuant to Section 298 of the said Act to close, stop-up and convey the following:

ALL AND SINGULAR that certain parcel or tract of land, situate, lying and being in the Township of Dysart, in the County of Haliburton, being composed of the following described lands, as outlined in red on a Plan drawn by Robert Woodcock, O.L.S., and available for inspection at the offices of the Municipality of Dysart et al, Haliburton, Ontario:

(i) Part of Blair Drive, Part of Gregory Court and Block "F" on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 25 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(ii) Part of Gregory Court on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 11 and Part 37 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(iii) Part of Blair Drive on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 38 and Part 39 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

NOTICE IS HEREBY FURTHER GIVEN, pursuant to Chapter 302, Section 301 of the Municipal Act, R.S.O. 1980, as amended, that the Township Council of the Municipality of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, November 14th, 1983, a By-Law pursuant to Section 298 of the said Act for establishing and laying-out of a public highway on the following lands in order to provide alternate access to certain lands, which access will be required as a result of the closing and conveyancing of the above described lands:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Dysart, in the County of Haliburton, being composed of the following described lands as outlined in green on a Plan drawn by Robert Woodcock, O.L.S., and available for inspection at the offices of the Municipality of Dysart et al, Haliburton, Ontario:

(i) Part of Blair Drive and Block "E" on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 13 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(ii) Part of Blair Drive and Block "F" on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 24 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(iii) Part of Gregory Court on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 35 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(iv) Part of Lot 11 on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 15 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(v) Part of Lot 18 on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 18 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(vi) Part of Lot 13 on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 20 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(vii) Part of Lot 14 on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 23 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(viii) Part of Lot 15 on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 40 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(ix) Part of Lot 3, Concession VI, Township of Dysart, more particularly designated as Part 42 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(x) Part of Lot 4, Concession VI, Township of Dysart, more particularly designated as Part 4 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(xi) Part of Lot 4, Concession VI and Concession VII, Township of Dysart, more particularly designated as Part 3 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(xii) Part of Lot 18 on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 34 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

(xiii) Part of Lot 17 on Plan of Subdivision Number 557 for the Township of Dysart, more particularly designated as Part 8 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-2918.

AND TAKE FURTHER NOTICE that before passing the said By-Law at the meeting to be held at the time and place above mentioned, the Township Council of the Municipality of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde shall then and there hear in person, or by his counsel, solicitor or agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED at Haliburton, Ontario this 26th day of September, 1983.

## thank you

We would like to take this opportunity to thank all the people who helped out at the scene of the accident involving the school buses last Friday. The ambulance drivers from Minden and Haliburton as well as the Fire Department were on the scene in minutes as were the O.P.P. officers. We would also like to thank the drivers Ed Rosser and Kaye Powell for the excellent job they did in tending to the injured children without taking their own injuries into consideration. We would also like to extend our thanks to Mr. and Mrs. Jack Shaw who opened their home to help the injured children. The older students handled themselves well and are to be congratulated in helping the drivers. Thanks also to Jean Neville for her help with the children until they were taken to the hospitals. Several parents arrived to help and we would like to thank them for the way in which they conducted themselves in the face of the accident. We are concerned with the injuries that the children and adults received and trust that they recover quickly.

Northern Ways 27-B-5

## thank you

We wish to thank all our friends and relatives and those who travelled so far to attend our wedding and dance September 17. We wish to express our appreciation for all those beautiful gifts and money and a special thank you for all who helped to make this day a special one for us. Thank you, Sherrie and Jeff Hayward 27-B-5

To all who supported and/or came to my stag party Saturday, October 1, 1983, I wish to express my appreciation. A very special thanks to Joe Lee, Brian Lloyd and Dad. Ed Davis 27-P-5

## births

**WELLS - Wayne** and Sharon are pleased to announce the arrival of their child, a daughter, April Lee Emily born Friday, September 16 at 2:17 p.m. weighing 6 lbs. 7 oz. Special thanks to Dr. Good, Dr. Froasts, Dr. Green and nurses and staff at Civic Hospital. 28-P-5

## weddings

**BRIDES** have your wedding professionally photographed, 457-2767. 30-CA-TF

## in memoriam

**EMMERSON, Edith** - In loving memory of a dear Mother who passed away suddenly October 7, 1978. A page in the book of memory. Silently turns to-day I remember you in silence. And make no outward show. And what it means to lose you. No one will ever know. Sadly missed and lovingly remembered by daughter Melissa. 32-P-5

**EMMERSON, Edith** - In loving memory of a dear wife who passed away suddenly October 7, 1978. I often think of bygone days. When we were all together. The family chain is broken now. But memories will live forever. To us she has not gone away. Nor has she travelled far. Just entered God's eternal home. And left the gate ajar. Lovingly remembered by husband Maurice. 32-P-5

## in memoriam

**TRIPP, Bernice** - In loving memory of a dear Daughter-in-Law who passed away October 8, 1980. We cannot have the old days back. When we were all together. But secret tears and loving thoughts. Will be with us for ever. Lovingly remembered by Edna Tripp. 32-P-5

**GARDINER - In** loving memory of a dear daughter and wife LaVonne who passed away October 11, 1981. This month comes with sad regret. It brings back a day we will never forget. You fell asleep without goodbye. Our memories of you will never die. We miss you more than anyone knows. As each day passes the emptiness grows. But the ache in our hearts will always stay. No one knows the grief we bear. When the family meets and you are not there. You left us so suddenly your thoughts unknown. But left us memories we are proud to own. Sadly missed by Mother and Dad and Ron. 32-P-5

**SAWYER, Clare** - In loving memory of our dear father, who passed away October 10, 1982. Silent memories true and tender. Just to show we still remember. Sadly missed and always remembered by Jack, Gary, Deloris, Bud and Betty. 32-P-5

**SAWYER, Clare C.** - In loving memory of a dear Father and Grandfather who passed away October 10, 1982. It is sad to walk the road alone. Instead of side by side. But to all there comes a moment. When the ways of life divide. You gave me years of happiness. Then came sorrow and tears. But you left me beautiful memories. I will treasure through the years. Sadly missed by his loving wife, Josephine. 32-P-5

**SAWYER, Clare C.** - In loving memory of a dear Father and Grandfather who passed away October 10, 1982. God saw you getting tired. When a cure was not to be. So he closed his arms around you. And whispered "Come to me." You didn't deserve to suffer. So he gave you rest. God's garden must be beautiful. For he only takes the best. Lovingly remembered and sadly missed by Daughter Devona, Son-in-law Al, five grandchildren and six great grandchildren. 32-P-5

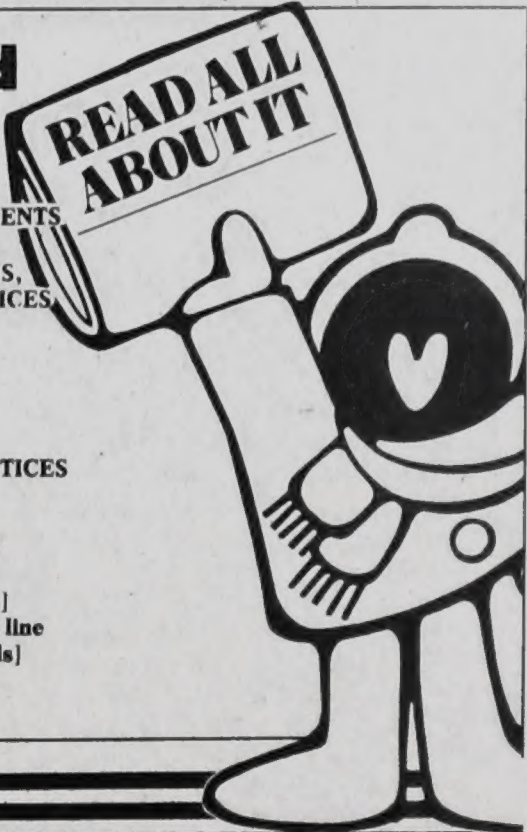

## in memoriam

**SAWYER - In** loving memory of a dear grandfather, Clare Sawyer, who passed away October 10, 1982. In tears we saw him sinking. We watched him fade away. Our hearts were almost broken. He fought so hard to stay. But when we saw him sleeping. So peacefully free from pain. We could not wish him back. To suffer that again. The tears in our eyes we can wipe away. But the ache in our hearts will always stay. Lovingly remembered by Randy, Sherry, Scott, Laurie, and grandson-in-law, Tim. 32-P-5

## notice to creditors

**NOTICE TO CREDITORS AND OTHERS** In the matter of the estate of Mildred Josephine Carr, deceased. ## IN THE MATTER OF Section 35 of The Planning Act [R.S.O.] 1970.C.349]

## ONTARIO MUNICIPAL BOARD

IN THE MATTER OF AN APPLICATION BY THE CORPORATION OF THE TOWNSHIP OF CARDIFF FOR APPROVAL OF ITS RESTRICTED AREA BY-LAW 27-81 AS AMENDED BY BY-LAW 1-83.

## APPOINTMENT FOR HEARING

THE ONTARIO MUNICIPAL BOARD hereby appoints Monday, the 24th day of October, 1983, at the hour of two o'clock (local time) in the afternoon at the Room Old McGillivray School House, Township of Cardiff, for the hearing of all parties interested in supporting or opposing this application.

If you do not attend and are not represented at this hearing, the Board may proceed in your absence and you will not be entitled to any further notice of the proceedings.

In the event the decision is reserved, persons taking part in the hearing and wishing a copy of the decision may request a copy from the presiding Board Member or, in writing, from the Board. Such decision will be mailed to you when available.

DATED at Toronto this 15th day of September, 1983.

NOTICE OF APPLICATION to The Ontario Municipal Board by The Corporation of the Township of Cardiff for approval of a by-law to regulate land use passed pursuant to Section 35 of The Planning Act.

TAKE NOTICE that the Council of the Corporation of the Township of Cardiff intends to apply to The Ontario Municipal Board pursuant to the provisions of Section 35 of The Planning Act for approval of By-law No. 27-81 passed on the 14th day of September, 1981. A copy of the by-law is furnished herewith and a note giving an explanation of the purpose and effect of the by-law and stating the lands affected thereby is also furnished herewith.

ANY PERSON INTERESTED MAY within twenty-one (21) days after the date of this notice, send by registered mail or deliver to the Clerk of the Township of Cardiff notice of objection to approval of the said by-law or part thereof, giving detailed reasons therefor, and shall indicate that if a hearing is held, the objector or an agent will attend the hearing to support the objection.

ANY PERSON wishing to support the application for approval of the by-law may within twenty-one (21) days after the date of this notice, send by registered mail or deliver to the Clerk of the Township of Cardiff notice of his support of approval of the said by-law, together with a request for notice of any hearing that may be held giving also the name and address to which such notice should be given.

THE ONTARIO MUNICIPAL BOARD may approve of the said by-law, but before doing so, it may appoint a time and place when any objection to the by-law will be considered. Notice of any hearing that may be held will be given only to persons who have filed an objection or notice of support and who have left with or delivered to the Clerk undersigned, the address to which notice of hearing is to be sent, and similarly to any person who has filed a request for a change in the provisions of the by-law.

THE LAST DATE FOR FILING OBJECTIONS WILL BE: DECEMBER 15TH, 1981.

DATED at the Township of Cardiff this 12th day of November, 1981.

Mrs. Gayle Billings, AMCT(A),  
Clerk-Treasurer,  
Township of Cardiff,  
R.R.#3, BANCROFT, Ont.  
K0L 1C0

THE CORPORATION OF THE TOWNSHIP OF CARDIFF

BY-LAW NUMBER 27-81

## EXPLANATORY NOTES

By-law No. 27-81 is a by-law to amend Restricted Area By-law No. 9-79, as previously amended by By-law Nos. 18-79, 3-80, 4-80, 8-80, 12-80, 18-80 and 26-81.

The effects of this By-law upon lands within the Township of Cardiff may be summarized as follows:

**Section 1:** This Section of the amending by-law adds certain lands in Part Lot 25, Conc. IX, Roll No. 00200023400 to Section 5.23 of By-law No. 9-79, as amended, to permit a "real estate Office" as a permitted use within the Seasonal Residential zone pertaining only to the aforementioned lands.

**Section 2:** This Section is enacted as the result of The Ontario Municipal Board's decision regarding By-law No. 9-79 as amended, dated July 23, 1981. Sections 21 and 22 of By-law No. 18-79, referred to in this Section were enacted by the municipality in order to allow the conversion of "single family vacation dwellings" to use as a "single family dwelling", within the Seasonal Residential zone. The Ontario Municipal Board did not approve these Sections. The municipality must therefore delete same from its By-laws. The Ontario Municipal Board recommended that the conversion of "single family vacation dwellings" to "single family dwellings" within the Seasonal Residential zone should be done by means of individual by-law amendments. The effect of this Section is that only a "single family vacation dwelling" and a "public park" are permitted uses within the Seasonal Residential zone.

**Section 3:** This Section of the amending by-law is enacted again, as the result of The Ontario Municipal Board's decision regarding permitted uses within the Seasonal Residential zone.

**Section 4:** This Section of the amending by-law is enacted to allow a "single family vacation dwelling" or a "single family dwelling" on one lot within the existing Rural zone.

**Section 5:** This Section of the amending by-law establishes regulations for the uses added by Section 4 of the amending by-law within the Rural zone.

**Section 6:** This Section of the amending by-law deletes a Highway Commercial Zone (C) which was established in error in the original by-law, within Lot 16 Concession V and redesignates the lands to Open Space Zone (OS).

**Section 7:** This Section of the amending by-law redesignates part of the lands in Lots 14, 15 Concession V from Rural Zone (RU) to Highway Commercial Zone (C) regarding Roll No. 00100029700 to recognize an existing use, that was omitted from the original by-law.

**Section 8:** This Section of the amending by-law redesignates a road running northeast from Highway 648 through Lots A and 1 Concession XXII to the municipal boundary between the Townships of Harcourt and Cardiff from a "Township" road to a "private" road. This road was given incorrect status on Schedule "A" of By-law No. 9-79, as amended.

**Section 9:** This Section of the amending by-law adds an extension to the Township road located in Lot 24 Concession VIII running northerly into Lot 25 Concession IX and then westerly through Lot 25 Concession IX. This is a new section of road assumed into the municipal road system since the passing of the original by-law and is more commonly known as the "Houston Road".

**Section 10:** This Section of the amending by-law redesignates lands in Part Lot 25 Concession IX, Parts 2, 3 and 4 Registered Plan 19R-2243 from Rural Zone (RU) to Seasonal Residential (SR). Said lands are being developed by means of Application for Consent.

**Section 11:** This Section of the amending by-law redesignates certain lands in Lot 23 Concession VIII as shown on Schedule "A" from Rural (RU) zone to Seasonal Residential Zone (SR).

**Section 12:** This Section of the amending by-law redesignates Lots 4, 5, 6 and the north half of Lot 7 Concession XXI from Rural Zone (RU) to Open Space Zone (OS). It has been determined that the said lands are Crown lands.

**Section 13:** This Section of the amending by-law attempts to correctly map the Cope Lake Road as per Schedule "A".

**Section 14:** This Section of the amending by-law deletes the Disposal Industrial Zone (M3) in Lot 25 Concession XXI and redesignates the lands as Rural (RU). It has been determined that the said lands were not used as an active disposal site.

**Section 15:** This Section of the amending by-law deletes the Seasonal Residential Zone (SR) from Lot 14 Concession XXI and redesignates the lands as Rural (RU). This is to correct the mapping of Registered Plan No. 531.

**Section 16:** This Section of the amending by-law attempts to change Schedule "A" to accurately reflect the location of Registered Plan No. 531 in Lot 15 Concession XXI.

**Section 17:** This Section of the amending by-law corrects the status of a road branching and running southwest from the Township road in Lot 9 Concession VI from "Township" to "private" road.

**Section 18:** This Section of the amending by-law attempts to correctly map the forest access road located in Lot 7 Concession VI as shown on Schedule "A".

**Section 19:** This Section of the amending by-law redesignates lands in Lot 7 Concession VI from Rural (RU) to Commercial Tourist-Camping Park Zone (CT-1) to more accurately reflect the existing uses regarding these lands.

**Section 20:** This Section of the amending by-law re-locates the Highway Commercial Zone (C) in Lot 7 Concession VI to more accurately reflect the location of this existing use within the said lands.

**Section 21:** This Section of the amending by-law adds a small creek to Schedule "A" in Lots 7 and 8 Concession VI that was omitted from the original by-law.

**Section 22:** This Section of the amending by-law redesignates the area originally shown as Highway Commercial Zone (C) in Lot 7 Concession VI to Commercial Tourist-Camping Park (CT-1) to reflect the existing use of the said lands.

**Section 23:** This Section of the amending by-law designates an existing area in Lot 7 Concession VI Registered Plan No. 19R569 to Seasonal Residential Zone (SR) that was originally incorrectly zoned as Open Space (OS).

**Section 24:** This Section of the amending by-law designates an existing area in Lot 7 Concession V Registered Plan No. 420 to Seasonal Residential Zone (SR) that was originally incorrectly zoned as Open Space (OS).

**Section 25:** This Section of the amending by-law attempts to correctly map the Deer Lake Road passing from Highway 648 westerly along the boundary between Concessions XVI and XVII and then southerly through Lot 23 Concession XVI to a point approximately 60 metres west of the boundary between Lots 22 and 23 Concession XVI as per Schedule "A".

**Section 26:** This Section of the amending by-law attempts to correctly map a "private" road extending from the Deer Lake Road, westerly into Lot 21 Concession XVI as per Schedule "A".

**Section 27:** This Section of the amending by-law redesignates certain lands in Lot 10 Concession XIV from Rural Zone (RU) to Open Space (OS) Zone. It has been determined that the said lands are Crown lands.

**Section 28:** This Section of the amending by-law changes the status of a road which is an extension of the Colbourne (West) Lake Road, running diagonally southwest-northeast through Lot 9 Concession XIV. This road was originally designated as a "Township" road and has been determined to be a "private" road.

**Section 29:** This Section of the amending by-law reduces the size of the Environmental Control Zone (EC) in Lot 16 Concession XXII in accordance with Schedule "A". An on-site inspection determined that the zone area should be reduced from that originally shown.

**Section 30:** This Section of the amending by-law reduces the size of the Environmental Control Zone (EC) in Lot 19 Concession XXII in accordance with Schedule "A". An on-site inspection determined that the zone area should be reduced from that originally shown.

**Section 31:** This Section of the amending by-law redesignates Part of Lot 18 Concession XXII Part 1 Registered Plan No. 19R1197 from Rural Zone (RU) to Mobile Home Residential Zone (MHR).

**Section 32:** This Section of the amending by-law redesignates Part of Lot 20 Concession XVIII from Rural Zone (RU) to Commercial Tourist Zone (CT) to recognize an existing use of the said lands. This redesignation of lands is in connection with the Ontario Municipal Board's comments regarding Mr. Herlihey's lands, dated July 23, 1981. The lands redesignated are shown on Schedule "A".

The material herein includes a copy of Township of Cardiff By-law No. 27-81 together with the land use zoning Schedule "A" and is forwarded to you in accordance with the Rules of Procedure of The Ontario Municipal Board which requires that all property owners in and abutting the Township of Cardiff, being the area to which the By-law applies, be fully informed of any proposed By-law governing land use in their area or on lands abutting. By-law No. 27-81, when approved by The Ontario Municipal Board will then be applicable from the date of passing by the Council of the Corporation of the Township of Cardiff, September 14th, 1981.

## EXPLANATORY NOTE

By-Law No. 1-83 is a by-law passed by the Township of Cardiff to amend By-law No. 27-81. (By-law No. 27-81 is a general amending by-law which amends the Township of Cardiff Comprehensive Zoning By-law No. 9-79.)

By-law No. 1-83 was passed to rectify the location of the Commercial Tourist-Camping Park (CT-1), and the Rural (RU) Zones as they apply to the Homestead property in Lot 7, Concession 6 of Cardiff Township. These zones as now indicated on Schedule "A" to By-law 1-83 reflect the actual location of the Homestead Trailer Park.
